LEADERSHIP MESSAGES

GUIDING WORDS FROM
OUR LEADERS

Dear Parents, Students, and Staff,
As we step into the New Year, January brings a renewed sense of hope, purpose, and commitment. It gives me immense pleasure to see our school continuing its journey of excellence through dedicated efforts, innovative practices, and strong values.

Education is not merely about academic success but about shaping responsible, confident, and compassionate citizens for the nation. I appreciate the tireless efforts of our teachers and staff who work diligently to nurture young minds, and I thank parents for their continued trust and cooperation.

In the new year, let us reaffirm our duty towards the nation by upholding its values of unity, integrity, and discipline. I wish all our students a bright future and encourage them to dream big and work hard.

Warm regards,
Chairman

Dear Students and Parents,
January marks a fresh beginning filled with opportunities to learn, grow, and excel. As we welcome the New Year, I urge our students to set meaningful goals and strive towards achieving them with determination and discipline.

This month holds special significance as we celebrate Republic Day, reminding us of our constitutional values and responsibilities as proud citizens of India. Through various academic, cultural, and co-curricular activities, we aim to instill leadership, patriotism, and moral values in our students.

I sincerely appreciate the support of parents and the dedication of our teachers in ensuring holistic development of every child. Together, let us continue working towards excellence in education and character building.

Best wishes,
Principal

*Dear Learners, Parents, and Educators,
January is a time for reflection and renewed focus on academic goals. It is encouraging to witness the enthusiasm of our students as they engage in learning with curiosity and confidence.*

Our academic vision remains centred on fostering critical thinking, creativity, and conceptual clarity. We continuously strive to enrich teaching-learning processes through innovative methodologies and student-centric approaches.

I encourage students to maintain consistency in studies and make the best use of the guidance provided by their teachers. Let us work together to ensure academic excellence while nurturing values and life skills essential for future success.

*With best regards,
Academic Director*

Dear Parents, students

As we embrace the New Year, let's pause for reflection and fuel our academic dreams anew. The spark in our students' eyes fueled by curiosity, confidence, and boundless zeal is a powerful reminder of what's possible. Our academic vision thrives on cultivating critical thinking, creativity, and profound conceptual clarity. As Nelson Mandela wisely said, "Education is the most powerful weapon which you can use to change the world." We recommit to revolutionize teaching-learning through bold innovations and student-first approaches. Together, we'll chase excellence, echoing Ralph Waldo Emerson's words: "Enthusiasm is the mother of effort, and without it nothing great was ever achieved." Let's nurture values and life skills for a future of triumph.

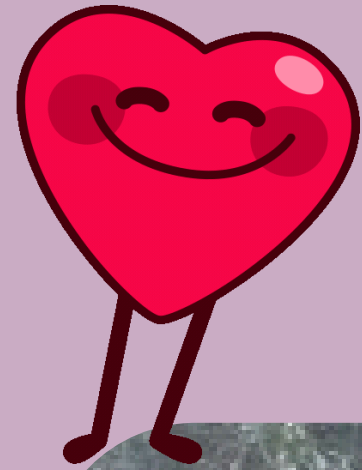

*With best regards,
Academic Director*

Republic Day

On the occasion of Republic Day, a creative Craft Activity was organized for the students of KMS. The objective of this activity was to instill a sense of patriotism, encourage creativity, and promote learning through hands-on experience. During the activity, students enthusiastically created earrings and bangles using air-dry clay. They designed their craft items beautifully in the tricolour theme (saffron, white, and green), symbolizing the national flag of India. The use of air-dry clay helped students understand material handling, shaping techniques, and colour coordination. It was a joyful and meaningful learning experience for all the participants.

PARENT ORIENTATION PROGRAMME

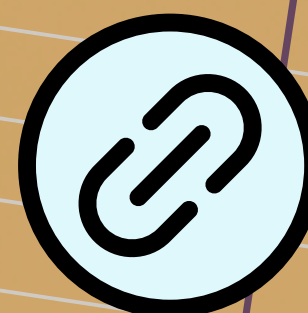

On February 10th, KMS hosted a vibrant Parent Orientation Programme, turning the spotlight on our Class 9 students as they prepare for the milestone of Class 10. Guided by the veteran educator Mr. Kuldeep Singh, the session beautifully reinforced the idea that while parents are a child's first teachers, the school is their second home. Mr. Singh shared invaluable wisdom on how regular attendance and the discipline of a proud school uniform build the foundation for academic excellence. The air was filled with a sense of partnership as parents explored ways to support their children's future career paths—whether in Science, Commerce, or Arts—without undue pressure. By the end of the interactive session, it was clear that the bond between home and school is stronger than ever. This heartfelt session reminded us all that when we work together, we don't just prepare students for exams; we empower them for life.

“Many Languages and One Emotion”

KMS conducted a poster and canvas-making activity on the theme “Many Languages and One Emotion” as guided by CBSE. The aim of the activity was to help students understand that although India has many languages, human emotions remain universal. Students created posters showing a single emotion, such as a smile or happiness, written in multiple Indian languages like Hindi, Punjabi, Marathi, Gujarati, Telugu, and others. A central image—usually a smiling face—was surrounded by words expressing the same emotion in different scripts.

The artwork was displayed at a stall in Bal Bhavan, ITO, thus creating a colourful and meaningful presentation.

Overall, the activity successfully promoted linguistic harmony, creativity, and unity among students.
