

CIRCULAR

The coordinators and teachers of the school are hereby informed that in light of escalating temperature in Delhi the following directives issued by DOE have to be compiled in the school.

- Outdoor activities during the heat wave are prohibited till weather condition improves after 10:00 AM. Please note that no sport activity should be conducted in the playground after 10:00 AM.
- An adequate supply of clean drinking water must be readily accessible to students at all times. Scheduled water breaks should be integrated into the class routine. The students should be motivated to bring one bottle of water, a bottle of lemonade/ORS/Gluon D solution and food with them.
- Sanitize students on the importance of covering their heads (using umbrellas, caps or other traditional head gears) during direct sun exposure, particularly while commuting to and from school during the day.
- Any instance of heat-related illness must be addressed promptly.
- Staff must be aware how to use the fire extinguishers which are installed in corridors.

All coordinators and teachers are directed to ensure strict compliance with these instructions.
