News Letter

June-2020

The triumph.....

A paean of unending glory

Kamal Model Sr. Sec. School
Nurturing lives, nurturing future

The Driving Force

Mr. Ved Prakash Tandon
The Chairman

Mrs. Vandana Tandon
The Principal

Dear all

As we all know, we are going through a tough time of COVID-19. This is the time when we should come together to face this difficult situation.

"The sun will rise, this time too shall pass, as dawn comes after the darkness."

Dear children, school misses you all. However, you should make this time period beneficial for yourselves.

Dear parents, utilise this opportunity to spend time with family. My ever willing staff of KMS faculty have been showing their care and concern for students by providing e - learning classes so that their time is not wasted. It's a humble request to all children to avail benefits of online classes.

This is the time when we all should exhibit our patient, empathy and compassion. I am sure you all have been practising social distancing and coming together on social media for mutual morale boosting conversations and sharing. In this situation I, just want you all to stay healthy in body, mind and soul.

That's the only way to change the present situation.

"Optimism is the faith that leads to achievement. Nothing can be done without hope and confidence"

(VED PRAKASH TANDON)
Chairman

Dear students and parents,

"We will get through this together "

These are unsettling times and COVID-19 is impacting our personal and professional lives and those whom we love.

I want to wish you, your loved ones and fellow colleagues, a safe passage through this difficult time.

The outbreak of corona virus has made unbelievable changes. There is a need to strengthen our education models and welcome technology into our lives.

I am proud of my faculty which successfully transitioned to a distance and digital learning platform. KMS faculty has continued to provide each of our students with a faith based academic programme ensuring that they are being challenged to learn everyday.

It's the duty of every student to understand the importance of online classes and to take it seriously. They are requested to be in touch with their mentors and use e - learning a method to clear their queries. Students should understand the value of this precious time and utilise it.

Dear parents, you are the role models in the life of your children specially during this crucial time. Hence your cooperation will play an important role. Do ensure that your children attend classes regularly and avail the benefits of virtual learning.

Please take care, stay positive and find sometime for having fun and keep smiling. The current situation is challenging, however I am confident... "We will get through this together "

(VANDANA TANDON)
Principal

The Mentors

Mrs. Pramila Mishra
Academic Director

MESSAGE

Greetings to all our Readers,

“Children must be taught how to think, not what to think,”

Margaret Mead

To enable this we ignite the imagination of our students so that they give vent to their feelings in the form of poems, dance, songs, music etc. This newsletter is to be viewed as a launch pad for the children’s creative urges to blossom naturally.

This newsletter also opens a window for readers to see the panoramic view of the activities held in the school - an eloquent collage of the attempts, achievements and aspirations of the students and teachers.

I congratulate the teachers and students who dipped their oars into the turbulent waters of this newsletter and have sailed it to the shore of publication.

Happy reading!

(PRAMILA MISHRA)

MESSAGE

Dear parents and students,

I hope that this message finds you in the best of health and spirit!!

During these times of unprecedented crisis brought on humanity, by covid 19 pandemic, all of you are in my thoughts and my prayers are with you and your family. I am confident that you must be contributing diligently in the service of the nation during this critical juncture.

STAY SAFE AND SPREAD
POSITIVITY.

The Editorial

When everything has come to a stand still,
And for many, life has become a boring deed.
All are tempting to emancipation greed,

And there is something which we need,
to keep the spirits high and momentum going on

And make each beautiful life worth to adore,
Let me tell you, it is the school Indeed!

And our school has really kept the momentum going by its dedicated efforts in keeping the spirits of the students high, in these testing times. The school has not left any stone unturned in fulfilling its commitment to provide quality education to its students. We have adapted ourselves to the changing situations and requirements in the present scenerio and are always on our toes for the overall development of the students.

Current hinderances are evident of the fact that providing every essence of education to the blooming buds of our nation, is not effortless. Big waves of problems has cupped the norms of our lives ~ especially education.

Waves destroy the heaps of sand but sun rises again with new hopes in its way. Similarly, struck by COVID-19 , education has suffered a huge setback. But the initiatives of schools and their teaching staff are dragging the abnormal to normalcy.

Schools are adopting the new *ICICI* learning :

INTERACTION - with students and parents.

CREATIVITY- Learn with fun.

INTELLECTUALITY~ Shaping brains.

COMMUNICATION~ Leaving no stone unturned

IMAGINATION~ Letting students create their own world of imagination, and possibilities.

From giving homework to working from home.

Paving ways to travel Italy and Rome.

From scolding on face to keeping an eye over phone.

From assuring comfort to bringing out of that zone.

From morning to noon.

From classroom to zoom.

From knowledge to fun.

From last to number one.

The entire teaching faculty is dedicated towards bestowing the brightest light of education, peace, hope, and unity upon the students.

Achiever

Nishant

I am Nishant of XB (session 2019-2020). An open merit test, in science (SDMT) was conducted in January 2020 at Kamal Model Sr Sec School. I got 71st rank in that open test. I also got 15th rank in NTSE (National Talent Search Examination). Without the support of teachers and school management it was impossible to achieve this goal. I would like to give my sincere thanks to my dedicated teachers and school management for their support.

Kavya Singh

Class XD

I am Kavya Singh of class XD. I made a project on solar panels which is Eco friendly. The best feature of this solar panel is that it is very useful in foggy days. I got an inspirational prize for this project of solar panels. I would like to give my thanks to my teachers especially Science and Social Science teachers for their guidance.

Priyanshu Mishra

Kamal Model Sr. Sec. School

Achiever

I am Priyanshu Mishra of class 10th-A. I have participated in democratic Model United Nations (DMUN) 2020 organised by Mount Abu school from 13th June 2020 to 14th June 2020, in which I was assigned the portfolio of Prime Minister of India in cabinet committee on security. Fortunately, I got the position of honorary delegate in the committee. I would like to thank my school for giving me this opportunity to be a part of such great experience.

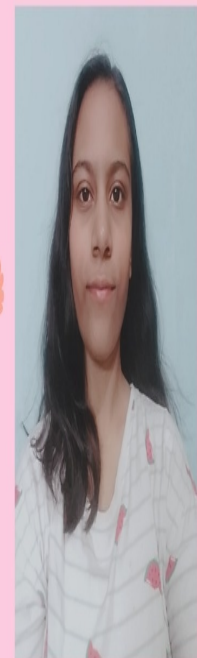

Thank You

While the news of you winning was not a surprise for us, the school wants to express our gratitude for representing us so well. I wish you a future full of such success. Keep up the good work!

Achiever

Shavangi Pandey

Kamal Model Sr. Sec. School

On 13-14 June, Model United Nations was organised by the Mount Abu Democratic Model United Nations. There were approximately 400 participants from India, UAE, and Saudi Arabia. The variety of participants was absolutely astonishing. There were students who had 3-4 years of experience and some were first timers. The whole Model United Nations was divided into several committees. I was part of United Nations Office on Drugs and Crimes (UNODC) and was the delegate of the Russian federation. Being a first timer, I was really nervous and stressed about how everything will work and will I be able to do it but thanks to the amazing Executive board and fellow delegates my first experience was a memorable one. The executive board worked really hard to maintain the committee and the delegates were more than happy to help. On the first day, all the delegates declared their country's stance on the agenda which was, 'drug use: prevention, treatment and care'. We had formal debates on various topics and learned the art of convincing people. The second day included one more debate, solutions to the topic and we passed a resolution on how we can prevent drug abuse and trafficking all around the globe. I was filled with joy when I heard that I won special mention. The whole experience was a great learning curve.

While the news of you winning was not a surprise for us, the school wants to express our gratitude for representing us so well. I wish you a future full of such success. Keep up the good work!

The outbreak of COVID-19 has left the country shut its doors to contain the spread of the corona virus leading to disruption in the lives of people. There's a large number of 'Corona Warriors' going the extra mile to battle the pandemic. They all deserve our thanks and respect. Along with all 'Corona Warriors' stand our respected Principal Mrs. Vandana Tandon and Chairman Mr. Ved Tandon. We all are immensely proud of them. They have embraced the present situation with positivity and used it as a growth opportunity. They have been incredible as they leapt with zeal and commitment. They have been awarded with "samaan patra" for their services to humanity by Shri Shyam Balaji Mitra Mandel, New Delhi. Its a proud moment for all of us. We all salute you for your brave actions.

Ms. Pushpa Jindal, is Academic Director at KMSSS, Mohan Garden. She is an inspirational personality. Apart from her contribution in the field of academics, she gave her contribution in society welfare as well. For her immense contribution, she got many awards and certificates. She got participation certificate for helping people to fight against Corona virus. National Akali Dal presented her a certificate of appreciation for her outstanding support and humanity work. Last but not the least, she has also been presented with a certificate of dedication by All India Institute of Public and Physical Health Sciences. (AIIPPHS)

COVID-19 CORONAVIRUS

WEBINARS ---

BEST SOLUTION IN COVID-19

In education, technology can be a life-changer, a game changer for kids who are both in schools and out of school.

Helping students find A path to purpose is one of the noblest aspect of teaching. Online education has taken a leap during this pandemic. Webinars are one of them. The word 'webinar', as the name suggests, is derived from the word 'web' and 'seminar'. They are quite useful in engaging the listeners through live presentations and interactive multimedia. Webinars have played really a crucial role in the field of education. A webinar allows people to attend and conduct a session from anywhere be it their home, a cafe, library or just any other place they feel comfortable. Webinars are best way out for interaction between students,parents, teachers and management. To say that the use of modern technology for education is fast becoming the next big thing won't be wrong at all. To keep this in view, our institution has conducted many webinars for triggering the minds to look for broader changes in the society.

On June 9, 2020 Webinar with Dr. D.N Sharma On Immunity Enhancement through Naturopathy was organized by Kamal model, Vandana International and Trinity group of Educational Institute. Dr. D.N Sharma has been bestowed with National Ayurveda Ratna Award. He told many ways (in the form of home remedies) to enhance immunity of body .He also told about Do's and Don'ts to improve immunity of body. This webinar was really very much beneficial for all.

On June 10, 2020 one more breakthrough webinar with Dr. Shallu Gupta was organized on the topic 'Diet for kids during lockdown'. She is an eminent Director and HOD of OJAS nature care and yoga Centre. She is Yoga Guru as well. She told about various interesting ways to make healthy dishes for kids .She also told about various interesting activities to keep the children busy at home. Mothers were specially very happy after attending such an interesting and beneficial webinar.

ON 11 June ,a Webinar with Yogacharya Yudhister Paul on Memory Development and Eyesight improvement of students was organized as Honorable Principal Ms. Vandana Tandon and management are very much concerned about the wellbeing of our students. Students were told about the importance of deep breathing, how deep breathing helps in improving attention, retention and recalling, how 'OM' dhawani helps to improve concentration power and determination.

With great enthusiasm on 17 June 2020 a webinar with Dr. J.S Arora was organized on **Thalassemia and Blood Donation**. He is a specialist in international hemoglobin disorder. He received lifetime service award in 2011. He discussed about causes of thalassemia disease and preventive measure. He also encouraged for blood donation after every three months, as it can save lives. He also made the students aware about blood group compatibility.

The school conducted a Webinar on 20 June, 2020 with Mrs. Jyotsana Bhardwaj, on the topic **Decoding: parenting and school in times of COVID-19**. She is founder Director Envision India Edu services, member of association of Indian School Counsellor and Consultant Psychologist. She is also master trainer with CBSE Macmillan education. She also conducted various Capacity Building programs for principals and Vice Principals of JNU and KVs. In this webinar, she clarified the thought that a parent is like a 'gardener' under whose care a child blossoms and grows. She discussed about parenting style, home environment, school environment, community environment and interactions. She also told various ways of handling misbehavior of children. So, through this webinar parents as well as teachers got valuable inputs from the resource person

As we know the art of practicing Yoga helps in controlling an individual's body, mind and soul. It brings together physical and mental disciplines to achieve a peaceful body and mind; it helps to manage stress and anxiety and keeps us relaxing. It also helps in increasing flexibility and strengthens the muscle. Keeping in view, the importance of yoga, on the 6th International day of YOGA that is 21 June 2020 a yoga session was organized by International Naturopathy Organization (INO) Surya Foundation, which was attended by many people. Our institution took initiative to arrange a live session even during these hard times of COVID -19, for the betterment of all. This session was live in 26 states so that everyone could get benefit of Yoga. Various renowned personalities also appreciated this effort of arranging live yoga session.

FB LIVE / KAMALMODELSCHOOLSr.SEC.SCHOOL

Spreading optimism, enhancing creativity.....for healthy brains

When it comes to teaching it should be mentioned that teaching is the greatest art of optimism. And our teachers have inculcated an unbelievable spirit of optimism in the hearts of the students, through their impassioned teaching and various activities conducted by the assorted clubs of respective subjects, and the names of those varied activity clubs are:

Happiness is a state of activity which instilled in hearts and it is said that teaching is a heart work. So.....

Teachers do it all with whole of their heart,
With no single thought of being torn apart,
Bestowing the light of success upon the youth,
and helping them walk on the traces of truth.

They become the wall to rebel negativity,
They try to maintain positivity and,
Help students to discover creativity

And our students , under the guidance of the teachers give new dimensions to their creativity. To show case those activities,

We have AAA ---> Adbhut Activity Area
Art speaks ,where words are unable to explain.....

The Frozen Moments *Mobile Photography...*

Photography takes an instant out of time altering life by holding it still. A picture contains an entire moment squeezed into it. It enables us to focus on the details of the beauty of nature.

Mobile Photography was organized where students were asked to click pictures of nature elements around them (near to their houses). It was a fun-enriched day spent by children in fixing the angles and appreciating the nature

Photography is the only language that can be understood any where in the world. So lets hope this world will understood this language of our students which is there to spread hope, peace and love because photography is a way of feeling, of touching and of loving.

PENCIL SKETCHING.....

STROKES !!!

" Drawing is a vision on paper"

Photography is an immediate reaction, drawing is a meditation. Its like playing chess. Your mind races ahead of the moves that you eventually make.

Our students are also showing the extraordinary vision through their strokes of pencil. They have put the line around the idea.

PAPER QUILLING

" ROCK AND ROLL...

ROLL IT UNTIL YOU ROCK IT. "

Paper quilling is like a rose with many names. It is a wonderful activity in spare time to give shapes to your ideas, to express your inner urge and to showcase your creativity. The students of our school have quilled the well to make unbelievable pieces of art.

PAPER MACHE...

" LET PAPER BE OF ANY SIZE OR COLOUR... STICK TOGETHER TO BE STRONG... NEED OF THE HOUR"...

Sticking together to form bonds....

Just like bits and pieces of paper when stick together with glue to form a tough bond, similarly in these tough times we should stay together firmly. This, the kids understood more clearly when they prepared many attractive things out of paper mache. They revealed their creativity and showcased how talented they can be. Successfull efforts.

Art Education

PUPPET MAKING....

"AN IMMORTAL ART WHICH HAS WON HEARTS. "

The process by which the inanimate became animate, this seems to the audience to be a real miracle. This miracle became reality, when it comes to the creativity of our students. They enthusiastically prepared puppets which seems to be as if they can speak. The colourful and varied puppets are really mesmerizing.

BOOK COVER

DECIDING THE FRONTS!!

"A nice book cover, for readers to hover. "

Behind the fan, cover is a hit !! A book cover is your first contact with a reader. If you want to stand out and make them pause and consider and read then an appealing cover is a must.

Cover designing involves creativity, art and craft, fiction and imagination. Students appreciated this activity by their participation.

Aerobics & Yoga....

OUR FITNESS MANTRA -AEROBICS AND YOGA

"Where modern techniques meet ancient beliefs."

Just as we are providing education through modern technology and yet committed to impart value in it. Similarly we have clubbed modern aerobics with our ancient yoga.

**YOGA: A mirrortolookwithin,
And to give our life a positive spin.**

"Yoga is the journey of the self, through the self, to the self. "

Yoga is a way of relaxation and also a way to get confidence through self control. Yoga does not change as we see things, it transforms the person who sees. In these modern times when no one has time to stop, to think, to introspect and rejuvenate themselves, yoga gives us a chance to look within. Yoga and meditation are the ways to bring us back to ourselves. Its all about bringing the energy within, which is much needed especially in the corona crisis. Keeping in view the same and to support the government campaign called, "Yoga at home, Yoga with family," initiated by our honourable Prime Minister Mr. Narendra Modi, Kamal Model School is determined to honour this distinctive ancient art originated in India, that is Yoga, by organizing fruitful online daily sessions for the students along with parents and teachers. Under the guidance of trained mentors of the school, the students have inculcated the habit of doing Yoga daily and have found a new energy and positivity in them. As the students are determined to make themselves a better person through thought, action and knowledge by staying fit physically as well as mentally during this pandemic with which we all are dealing. They started practicing Yoga on regular basis as little progress adds up to big results. This brought positivity as it is the artwork on the canvas of mind, body and soul.

AEROBICS "FIT AND FROLICSOME TO BE MORE ATTRACTIVE AND HANDSOME".

The ultimate path to fitness combines rhythmic exercises with stretching and strength training routines. Online aerobic classes sprinkle doses of fitness on today's students. It removes the constant fog of stress for a while and clears their mind.

The word aerobics comes from two Greek words: Aero, meaning "ability" and "bics" meaning "withstand tremendous boredom", and this ability to withstand tremendous boredom is much more needed in today's scenario. Thus we have added aerobics in the daily routine of the students to make them frolicsome that is lively and joyful. They must enjoy each and every moment of their life and live it to the fullest. This initiative really inculcated spirit of positivity in being fit as lack of activity destroys the good condition of every human being while movement and methodical physical exercise save and preserve it. So in an urge to preserve their health forever through fun and frolic, our students under the guidance of their mentors started inculcating aerobics in their daily routine to become a more fit teenager.

SOCIAL SCIENCE

FROM OLDEN DAYS TO MODERN WAYS

Credit to Social Science, We have to pay

भारत-चीन सीमा पर तनाव

2-स्वरचित कविता एवं काव्य-वाचन

"जहाँ न पहुँचे रवि, वहाँ पहुँचे कवि"
 कवि वह सृजनकर्ता है जो विचारों और भावों की ऐसी
 पृष्ठभूमि तैयार करता है, जिसमें पाठक का अंतर्मन
 आनंदित प्रफुल्लित हो उठता है। इसी शृंखला में
 कक्षा 9 और 10 होनहार छात्र-छात्राओं द्वारा स्वरचित
 काव्य-लेखन एवं काव्य-पाठ किया गया।
 कविता की ये पंक्तियाँ काव्यधारा को और प्रवाहित
 करती हैं-
 पथ बंद है पीछे अचल है पीठ पर धक्का प्रबल। मत
 सोच बढ़ चल तू अभय ले बाहु मैं उसाह-बल।
 जीवन-समर के सैनिकों, संभव असंभव को करो
 पथ-पथ निमंत्रण दे रहा आगे कदम, आगे कदम।
 ओ बैठने वाले, तुझे देगा न कोई बैठने।
 पल-पल समर, नूतन समर, नूतन सुमन-शैया न देगा
 लेटने।
 आराम संभव है नहीं जीवन सतत संग्राम है
 बढ़ चक मुसाफिर धर कदम, आगे कदम, आगे कदम।

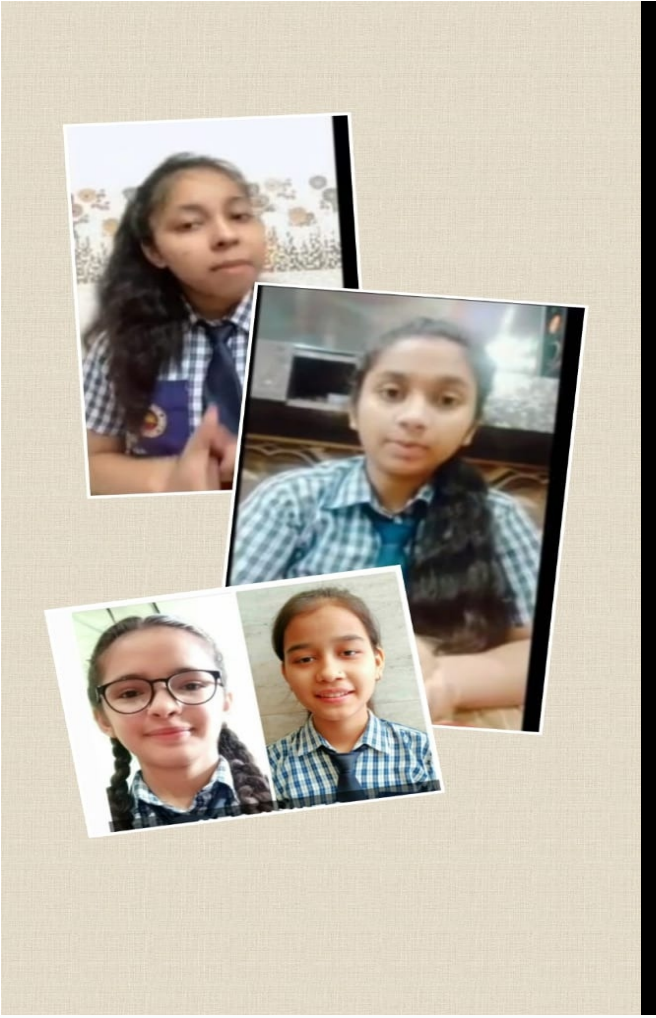

स्वरचित कविता लेखन और

सुगठित लेखन-निबंध लेखन

(विचारों की क्रमबद्धता के साथ प्रभावपूर्ण ढंग से
 बँधी रचना)
 निबंध-लेखन गद्य की वह विधा है जो लेखन-कौशल
 का विकास करती है। निबंध-लेखन से विद्यार्थियों में
 सम्यक ज्ञान और भाषा पर अधिकार होने लगता है।
 विद्यार्थियों में लेखन-शैली के विकास के लिए अलग-
 अलग विषयों पर आधारित निबंध लिखवाए गए।
 कक्षा 9 और 10 के विद्यार्थियों ने प्रभावपूर्ण निबंध
 लिखे, जो प्रशंसनीय रहे। क्योंकि वक्त की पुकार है
 ये-"**दो में से क्या उन्हें चाहिए, जल या की तलवार!**"

वाद-विवाद या बहस

*"किसी विषय पर चर्चा की औपचारिक विधि" 'वाणी मानव का आभूषण है।' वाणी ही भाषा को संप्रेषित करने का एकमात्र साधन है। इसी का एक पक्ष वादविवाद है, जिसमें एक विषय के दोनों पहलुओं पर तर्क-वितर्क होता है। आत्मविश्वास, ओजस्विता, जिज्ञासा जैसे गुणों के विकास तथा तार्किक सुसंगति, तथ्यात्मक परिशुद्धता के ज्ञान के लिए ऑनलाइन वादविवाद रखा गया। जिसका विषय था:-

लोकडाउन में लोगों को छूट देने से लाभ या हानि होगी।'

कक्षा 10 के विद्यार्थियों ने विषय की गंभीरता को ध्यान में रखकर अपना पक्ष रखा।

कहा जा सकता है-

वाणी हो तेरी जिसमें तर्क या वितर्क हो,
विषय की तथ्यात्मक प्रस्तुति ही तेरा संदर्भ हो।
पक्ष इतना दृढ़ रहे तेरा कि
हर विपक्षी के तर्कों की कहीं पुष्टि न हो।।

कहानी -लेखन

'जीवन की किसी एक घटना का रोचक वर्णन'

प्रसिद्ध कहानीकार अज्ञेय जी के अनुसार- "कहानी जीवन की प्रतिच्छाया है और जीवन स्वयं बेक अधूरी कहानी है ल एक शिक्षा है जो उम्रभर मिलती है और समाप्त नहीं होती।"

आज हर उम्र का व्यक्ति कहानी पसंद करता है और बच्चों को कहानियां विशेष प्रिय होती है। कहानी लेखन से बच्चों की अपनी कल्पनाशीलता और वर्णन-शक्ति का विकास होता है। कहानी-लेखन के अभ्यास से विद्यार्थियों में सर्जनात्मक शक्ति जगती है। इसी उद्देश्य से कक्षा नवमी के बच्चों से कहानी-लेखन का अभ्यास करवाया गया, बच्चों ने पूर्ण उत्साह के साथ कहानियां लिखी ही नहीं सुनाई भी।

ये भाषा का निखार है, साहित्य का विधान है। कथा सुनना ही नहीं लिखना भी व्यक्तित्व का विकास है।।

नाट्य-मंचन

काव्य और गद्य का दृश्य व श्रव्य रूप जो दर्शकों या पाठकों के हृदय में रसानुभूति कराए। नाटक लोकचेतना से अधिक घनिष्ठता से संबद्ध होते हैं। ये विचारों को प्रकट करने का सशक्त माध्यम है। बच्चों में अभिनय क्षमता के विकास के लिए ऑनलाइन नाट्य-मंचन करवाया गया। ये लघु नाटक छात्रों द्वारा रचित और अभिनित थे। देशप्रेम, कोरोना से बचाव, सभी विषयों का महत्त्व पर आधारित ये ऑनलाइन नाटक प्रशंसनीय रहे। विद्यार्थियों ने आधुनिक दृश्य, श्रव्य यंत्रों का सहायता और तालमेल से ये शिक्षाप्रद और उत्साहवर्धक नाटक प्रस्तुत किये।

चेत्रात्मक सृजन-पोस्टर मैकिंग

कलात्मकता और सृजनात्मक का का मिलाजुला रूप) गवों को चित्रों का रूप दे दिया गों को अभिव्यक्ति का माध्यम बना दिया। फ्या गजब छोटे-छोटे हाथों ने किया, अपनी कला से हमको हैरान कर दिया।। वेद्यालय की कक्षा नवमी के बच्चों के द्वारा मन के गवों को पोस्टर द्वारा प्रदर्शित किया गया। इनमे भेया ,ईवा, ज्योति, ओर शगुन ने शब्दो को रंगों का नामा पहना कर प्रशंसनीय कलात्मक कार्य किया।

लॉक डाउन प्रतिभा मंच

(व्याकरण आधारित गतिविधियां)

भाषा के अंग -प्रत्यंग का विश्लेषण तथा विवेचन व्याकरण है। हिंदी भाषा को शुद्ध रूप से बोलने और लिखने के लिए व्याकरण का ज्ञान होना परमावश्यक है। इस उद्देश्य की पूर्ति के लिए लॉक डाउन में हमने कक्षा नवमी और दसवीं के विद्यार्थियों से व्याकरण आधारित रचनात्मक गतिविधियां करवाई गईं। कल्पनाशीलता और रचनात्मकता का मेल काफी प्रशंसनीय है। लॉक डाउन में प्रतिभा को लॉक नहीं लगा, अपितु उन्हें अवसर मिला।

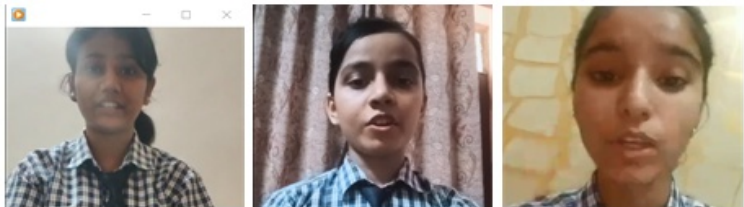

कवि ने ठीक ही कहा है-

कदम अपना आगे बढ़ाता चला जा
सदा प्रेम के गीत गाता चला जा।
तेरे मार्ग में वीर !काँटे बड़े हैं।
लिए तीर हाथों में वैरी खड़े हैं।
बहादुर सबको मिटाता चला जा।
कदम अपना आगे बढ़ाता चला जा।।

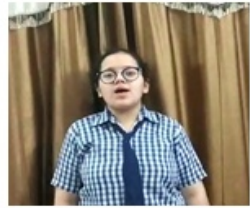

हिंदी विभाग
क्रियात्मक गतिविधियां

कमल मॉडल स्कूल, मोहन गार्डन में कोरोना काल के लॉकडाउन में ऑनलाइन कक्षाओं में विद्यालय के अनुभवी और परिश्रमी अध्यापक-अध्यापिकाओं ने पाठ्यक्रम के अतिरिक्त विभिन्न क्रियात्मक गतिविधियों के द्वारा विद्यार्थियों की रुचि और उत्साह को बढ़ाया।

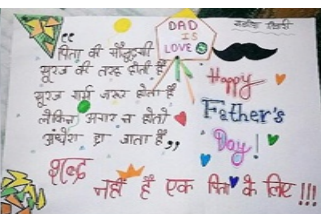

दूरसंचार के दूत
जनसंचार के दूत

कक्षा ग्यारहवीं और बारहवीं के विद्यार्थियों कुनाल गर्ग, पूर्णिमा, जसप्रीत कौर, पारुल, हिमानी शुक्ला और तनिष्का ने आधुनिक युग में मीडिया की उपयोगिता दिखाते हुए समाचार वाचक की भूमिका निभाई और अपनी प्रतिभा को श्रेष्ठ प्रदर्शन किया।

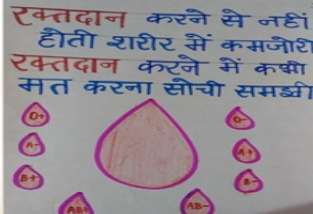

समय अनमोल है

अगर आप जीवन में कुछ हासिल करना चाहते हैं, कुछ बनना चाहते हैं, तो आपके लिए यह अनिवार्य है कि, आप समय की कीमत को समझे...

इच्छा इत्रद्वय
कला के विभिन्न रंग

कक्षा ग्यारहवीं और बारहवीं के विद्यार्थियों ऐश्वर्या पाठक, मैत्री, प्रतीक्षा, रीना, और मनीषा तिवारी ने विभिन्न विषयों जैसे पर्यावरण, योग, कोरोना वायरस, अनमोल समय और पिता दिवस पर पोस्टर बना कर अपने मन के भावों को रंगों के माध्यम से क्रांति के पल्लव पर उतर कर अपनी कला का प्रदर्शन किया। इनकी प्रतिभा सराहनीय और अतुलनीय है।

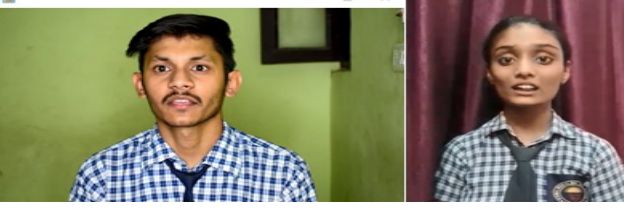

सब घर में खी बाहर
कोरोना है
सब मिलके साथ खी को
नहीं खीना है

स्लोगन लेखन

"उड़ रहा मनुज आकाश में, बल विज्ञान का तुम देख लो
जल रहा मानव धरा पर, यह परिणाम भी तुम देख लो।"

मुस्कान जयसवाल, वर्षा, आरुषि, हंशिका, सोनाली दास कक्षा ग्यारहवीं और बारहवीं के छात्राओं ने स्लोगन लेखन के द्वारा विभिन्न समस्याओं के प्रति लोगों को जागरूक करने का प्रयास किया। आधुनिक युग में विभिन्न समस्याओं से जूझते मनुष्य के लिए छात्रों का यह प्रयास सशक्त भूमिका निभा रहा है।

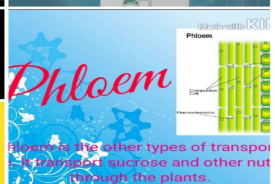

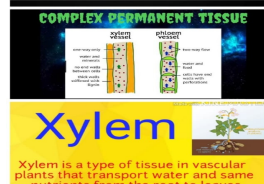

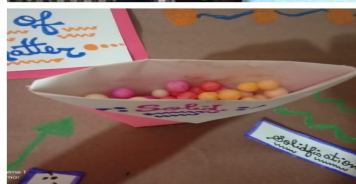

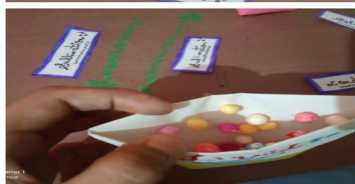

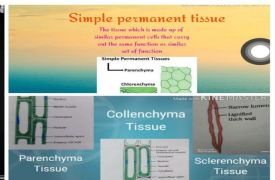

वाद विवाद
यह है भारत का भविष्य

भारत में लोकतंत्र प्रणाली के आधार पर नागरिकों को अपने विचार व्यक्त करने का अधिकार है, इसी अधिकार के प्रति जागरूक हमारा कक्षा ग्यारहवीं और बारहवीं के विद्यार्थियों ने अलग अलग विषयों पर वाद विवाद प्रतियोगिता में अपनी भागीदारी देते हुए पक्ष विपक्ष में अपने अपने तर्क दिए। छात्रों ने अपने तर्कों के माध्यम से मन के भावों को हृदय प्रदान की और अपने विषय के साथ परा न्याय किया। इन छात्रों के नाम संभवतः शिखर, परमिंदर, समीक्षा, सोनाली, दिव्यानंद, मन्मथान, आर्यन और कनिष्का है। इन्होंने अपनी श्रेष्ठ प्रतिभा का प्रदर्शन किया।

SCIENCE ACTIVITY

SCIENCE, A WAY OF ORGANISING CURIOSITY
UNDERSTANDING DIVERSITY AND EXPLAINING REALITY.

We all are connected
To each other biologically,
To earth, chemically;
To the rest of the Universe, atomically;
And now we all are connected with each other technologically.

UNBOXING CREATIVITY SCIENTIFICALLY...
MODEL MAKING... METAPHORICALLY, IMAGINING,
ENTHUSIASTICALLY DOING

MODEL OF ANIMAL CELL,
GIVING YOUR TASTE BUDS A BELL

Who could have ever imagined that a model of animal cell can be so delicious. Yes, it happened in KAMAL MODEL...A model of animal cell made from all edible components.

This activity is so unique that just by having a glimpse of these animal cells, you can imagine the immense hidden creativity of our students. They prepared this model out of all edible material available in home only. This is evident that in the present scenario, it is not possible to go out and get things for model and as it is said.... that necessity is the mother of invention....

This activity proves this saying true....

START BY DOING WHAT IS NECESSARY, THEN WHAT IS POSSIBLE AND SUDDENLY YOU ARE DOING THE IMPOSSIBLE.....

And these kids have proved....
NOTHING IS IMPOSSIBLE

Students prepared reports on various topics like... permanent tissues in plants, vehicular pollution and immunisation. They also gave presentation on all these topics as well as on universe. They gave speech on various topics like....

- 1) Virus and Health.
- 2) Life of Issac Newton.
- 3) Matter and states of matter.
- 4) Value of Science in our Future.
- 5) Universe, a magic.

DEBATE AND DISCUSSION TO REMOVE ALL ILLUSIONS.....

The students enthusiastically participated in debates and discussions covering a varied number of issues. These have made them more informed about their surroundings and the changes that are taking place.

EXPERIMENT... DEVISE AND IMPLEMENT

The true method of knowledge is experiment. Life is always about trying new things to see if they work. And with the same spirit and enthusiasm to see things if they work or not, our students performed various experiments because they know that with experimentation comes surprise and discovery.

They started regarding everything an experiment, as every great inspiration is an experiment. So, in an urge to become great inspiration, they started doing various experiments under the guidance of their teacher. Some of the topics under experiments are.... Lifting of ice cube, movement of particles, Newton's law of motion and characteristics of particles of matter.

BIOLOGY ACTIVITY

GRATITUDE TOWARDS CORONA WARRIORS

Gratitude is the most exquisite form of courtesy. Corona virus pandemic is not just about the virus itself. It has brought with it hunger, loneliness, homelessness, violence and domestic abuse. At such a time there are people around the country rising to lead community work, bring support and service the people selflessly in different ways they can. These brave hearts, are true Corona Warriors. So, to salute these warriors, an activity was organised for the biology students of class 11th. Students expressed their gratitude in the form of slogan, posters, articles etc.

Home Explorer Camp Theme: Corona Virus

Every good citizen adds to the strength of a nation...

Corona virus pandemic is spreading at an alarming rate. As everyone knows that prevention is better than cure. With this objective in mind an activity was organised for Biology students of class 11th & 12th. Students expressed their views in the form of posters to teach people how to protect themselves from Corona virus. They had also constructed the model of Corona virus from the material available at their homes.

GRATITUDE TOWARDS CORONA WARRIORS

World is praising the efforts that our Corona Warriors have done during this pandemic. These people have been working day and night to save lives. The humanity of these workers should be given a voice. From the fog of darkness to the personal standing on all fronts are in people.

It is a privilege to have a moment showing towards Corona Warriors like Doctors, Nurses etc. Governments are globally to show the gratitude to uplift the of the population, and to thank the of the workers. This is the only way to show gratitude. Everyone is showing the of Corona Warriors as very essential of the people. Everyone is showing the of gratitude because...

GRATITUDE IS THE BEST ATTITUDE

Steps For Motivation of Corona Warriors

India's Corona warriors have fought the war in their minds and hearts. They have launched themselves into the war with an ambition to defeat the enemy the spread of the Corona and feel impact as the hunter.

During the current crisis doctors, nurses, policemen, media, sanitation workers, delivery personnel, bank employees have put their own lives to protect us. If they are not this time for the well being of their so it is their duty to motivate them and respect them.

* To motivate them Indian Armed forces set to conduct fly-past play military bands, light up ships all over and show fireworks at hospitals. Helicopters (Covid-19 patients across the country to express their gratitude to the people who are fighting against Corona.

* Prime minister also urged the citizens to show their gratitude towards all who are fighting against Corona.

* Prime minister Modi also appealed people to ring bells or clap hands and also to light up their windows for showing their tribute towards Corona Warriors.

THANKS TO ALL CORONA WARRIORS

THANKS TO CORONA WARRIOR

How do I feel about you all? You are the heroes of this country. You are the ones who are saving lives. You are the ones who are making a difference. You are the ones who are making a difference. You are the ones who are making a difference.

A BIG SALUTE TO THEM

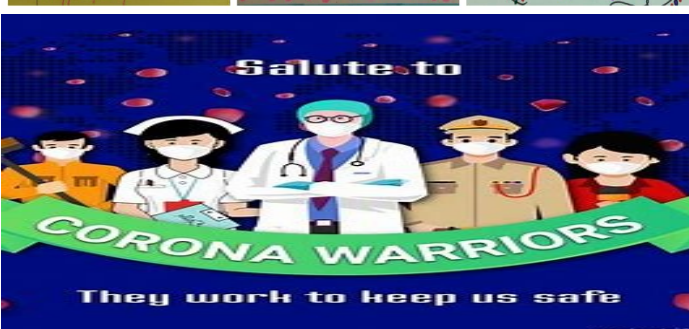

WARRIOR

A WARRIOR

A BIG SALUTE TO THEM

For all that you do!
You are the real heroes of this country, and we value every simple effort to save every life.

Corona Warriors: We salute you!

ROBOTIC MODEL & PROJECTOR....

Where work is easier than said
Where wires and cords occupy head....

To the other world, we enter, simultaneous and superficial, where comfort comes in coupons and humans don't work, where all arena is artificial and intelligence rules the world.

Our kids are also all set to rule the world. They have prepared some ROBOTIC MODELS which are really worth appreciating.

These models have been made as representation of robots to show and elaborate how smooth every process becomes.....

IN THE WORLD OF ROBOTICS.....

RECURSIVE FUNCTION

What is Recursive Function?

A recursive function is a function defined in terms of itself via self-referential expressions. This means that the function will continue to call itself and repeat its behaviour until some condition is met to return a result.

Write a program to search an element in a list using binary search

```

def binarySearch(arr, first, last, x):
    if last >= first:
        mid = int((first + (last - first) / 2))
        print("mid = ", mid)
        if arr[mid] == x:
            return mid
        elif arr[mid] > x:
            return binarySearch(arr, first, mid - 1, x)
        else:
            return binarySearch(arr, mid + 1, last, x)
    else:
        return -1
  
```

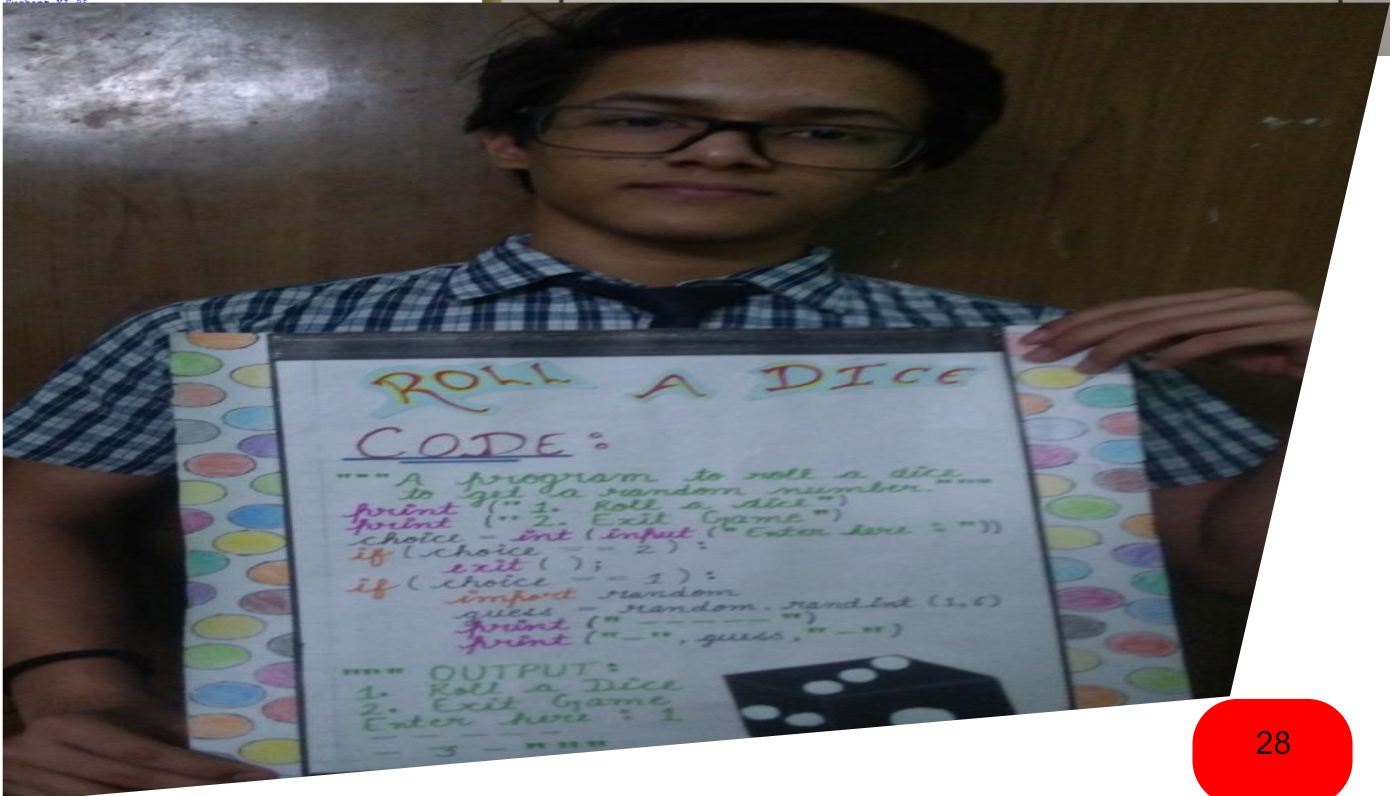

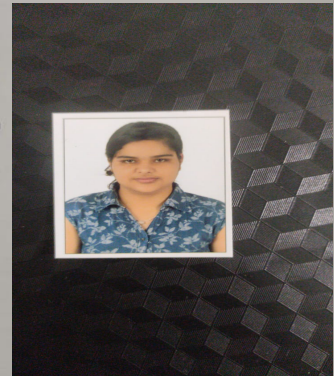

```

arr = eval(input("Enter a list"))
print(arr)
arr.sort()
print("Sorted array = ", arr)
x = int(input("Enter a number to be searched"))
result = binarySearch(arr, 0, len(arr) - 1, x)
if (result != -1):
    print("Element is present at index: ", result)
else:
    print("Element is not present in array")
  
```

OUTPUT

```

Enter a list [2, 3, 4, 5, 6, 7]
[2, 3, 4, 5, 6, 7]
Sorted array = [2, 3, 4, 5, 6, 7]
Enter a number to be searched 4
mid = 2
Element is present at index: 2
  
```

ROLL A DICE

CODE:

```

"""A program to roll a dice
to get a random number"""
print("1. Roll a dice")
print("2. Exit Game")
choice = int(input("Enter here: "))
if (choice == 1):
    exit()
if (choice == 2):
    import random
    guess = random.randint(1, 6)
    print("-----")
    print("-----", guess, "-----")
  
```

OUTPUT:

```

1. Roll a dice
2. Exit Game
Enter here: 1
-----
----- 3 -----
  
```

QUIZ

MATHS

MAGIC WITH NUMBERS
FUN WITH EQUATIONS
THEOREMS AND PROOFS
TO CONTINUITY AND DIFFERENTIATION...

Model

The only way to learn mathematics is to do mathematics.

PUZZLES

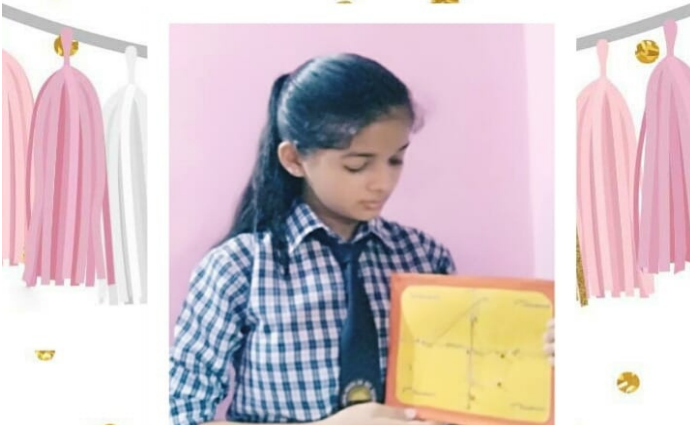

MENTAL ABILITY TEST.

MODEL OF COORDINATE GEOMETRY:

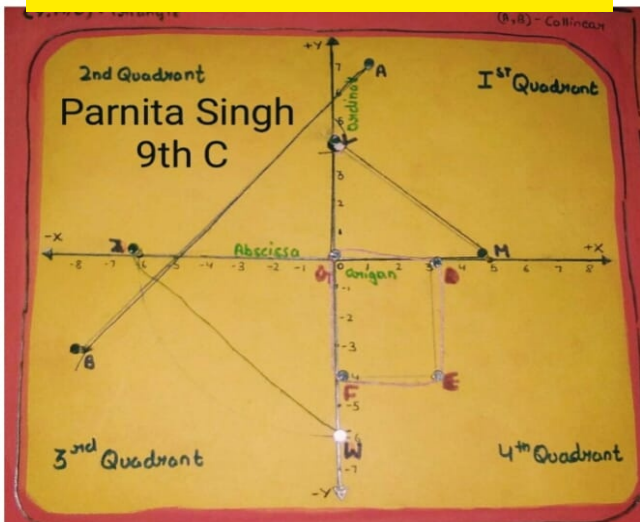

It is showing the importance of Coordinate Geometry in general life and how it is important for us in mapping and for showing location of any place or object.

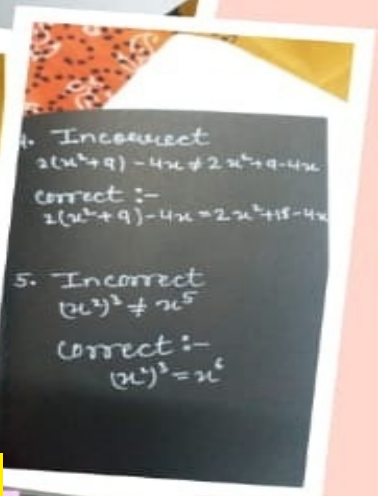

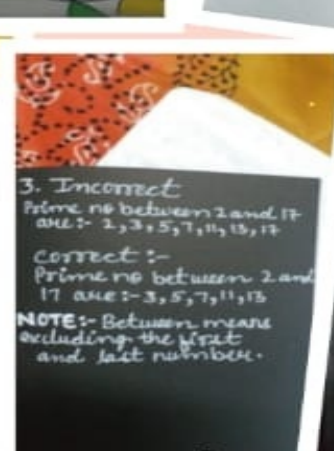

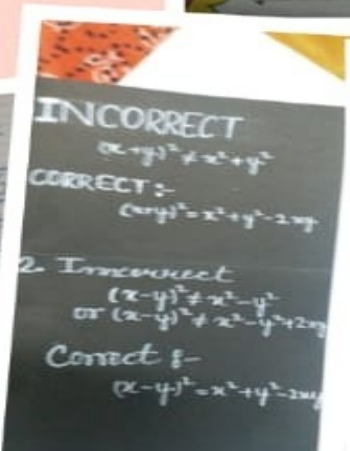

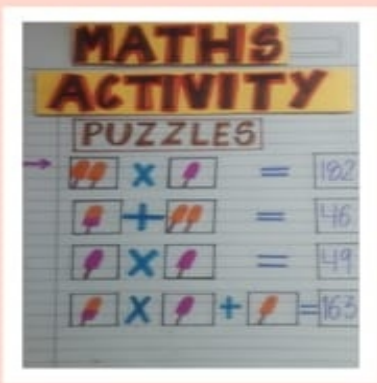

MODEL ON PROBABILITY...

Probability is the guide of life. In one way probability says... "It is likely that unlikely things should happen".
Probability theory is nothing but common sense reduced to calculations. The students gave a demonstration of the common sense by preparing a model on probability. The model prepared by the students shows occurrence of different probabilities of different events like numbers, dice and coins in daily life. It also shows chances of getting any number from many other numbers.

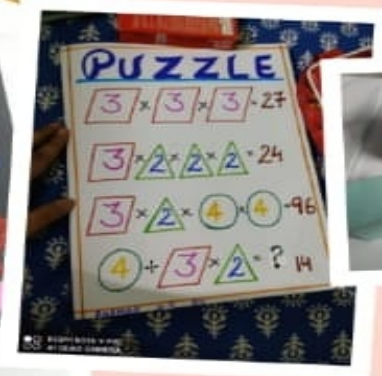

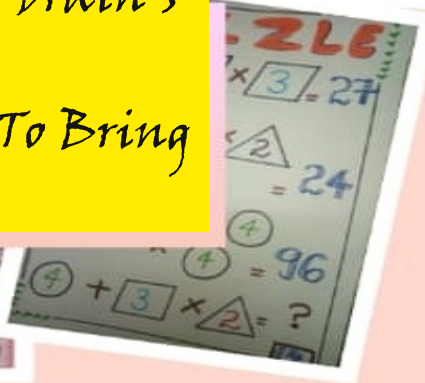

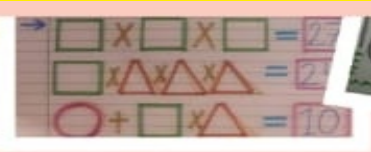

Maths Model of Coordinate Geometry

Error and Correction To Bring Perfection

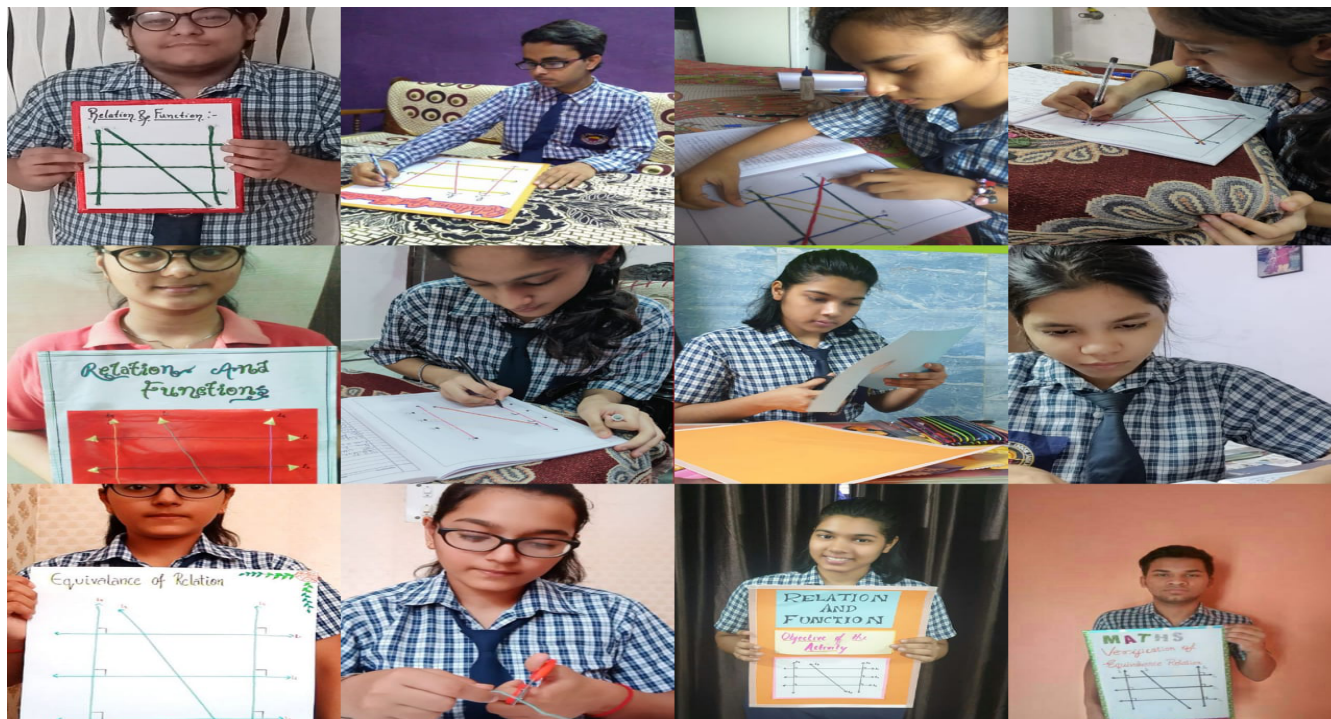

MATHS ACTIVITY (XII CLASS)

OBJECTIVE OF THE ACTIVITY

To verify that the relation R in the set of L all the lines in a plane defined by $R = \{(l,m) : l \parallel m \text{ and } l, m \text{ belongs to } L\}$ is an equivalence relation.

Activity 1 was conducted on 12th June. 35 students participated. They were enthusiastic and performed very well.

MATHS ACTIVITY-2 (XII CLASS)

OBJECTIVE OF THE ACTIVITY

To demonstrate a function which is one-one but not onto

Activity 2 was conducted on 14th June. 38 students participated. They were enthusiastic and performed very well.

ENGLISH

APERTURE OF AGES... A PASS WAY OF ENLIGHTENMENT

The finite use of infinite means...English language... and it is also a work in progress. Literature being the backbone of all languages is an exception of anybody's choice..It is an aggregate of cultural living.

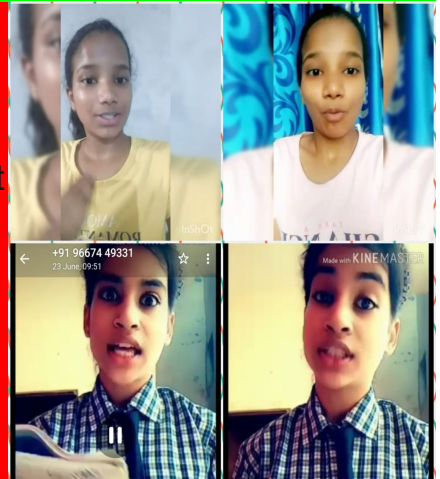

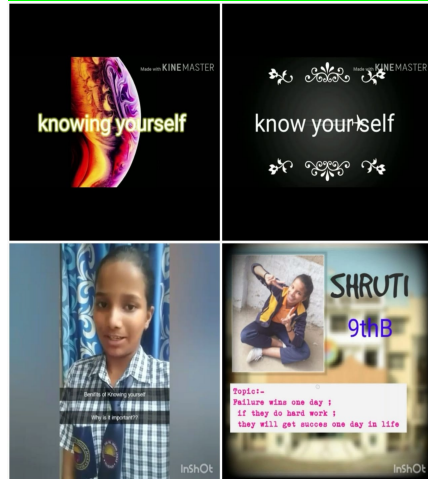

English language is a strange paradise. It's where fish flies and sparrows swim. And more of such spectacles have been created by our kids by various activities.

DECLAMATION...

Information to generation through participation.

Declamation which provokes the habit of reading and speaking is a rhetorical exercise.

Participation in organised declamations leads to improved communication skills and our students are working on the same through these activities.

POETRY RECITATION

"Tool of talent, evaluation of right rhyme at right time."

Poetry remains recondite but still it manifests one's inner thoughts in the best way possible.

Poetry recitation is such a reliable activity in bringing both the writing and speaking skills of students.

ENGLISH ACTIVITY

NEWSROOM SCENE - YOUTH SPEAK

Apart from equipping the students from knowledge and values Kamal Model School believes in developing skills that help students to apply their knowledge in real life situation. Updating ourselves everyday is good and never ending habit which shows our awareness towards our society, towards our nation and that is possible only when we are eager or fond of it. Kunal Garg 11-B, Medha Anand 11-B, Omkar Sharma 11-B, Currency Verma 11-I, Himani Shukla 12-H, Payal Kaushik 12-H, Nidhi 11-E, Ritika 11-E, Bhaskar Pathak 11-A, Amisha Ratwat 11-A, Anupam 11-A, Parul 12-H made us apprise by everyday's news.

THE POWER OF SPEECH

“Speech is power, speech is to persuade, to convert, to compel. Speak in such a way that others love to listen to you and listen in such a way that others love to speak to you.”

Students of Kamal Model Senior Secondary School

Came out with wonderful thoughts and spoke enthusiastically on the topic “IMPORTANCE OF ONLINE TEACHING” and “INTERNATIONAL YOGA DAY”.

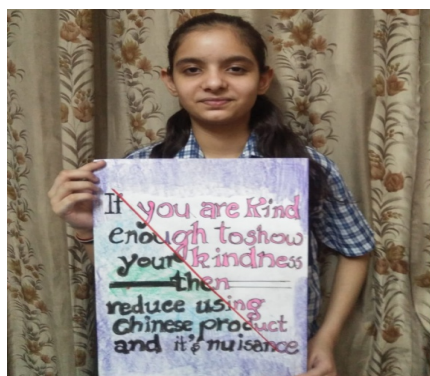

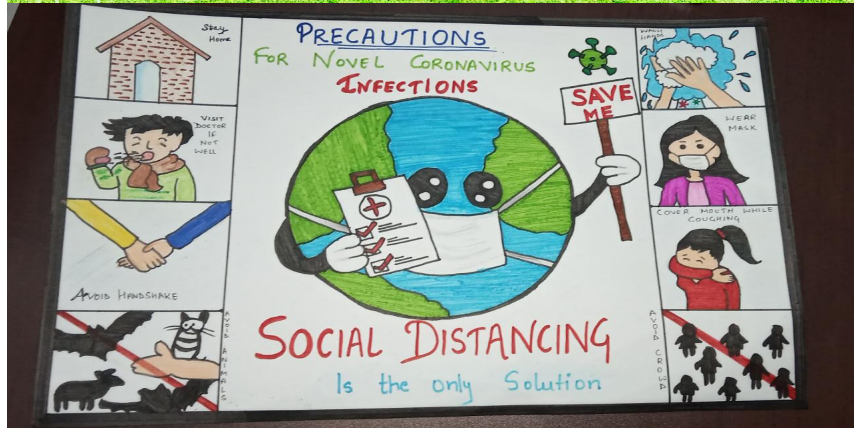

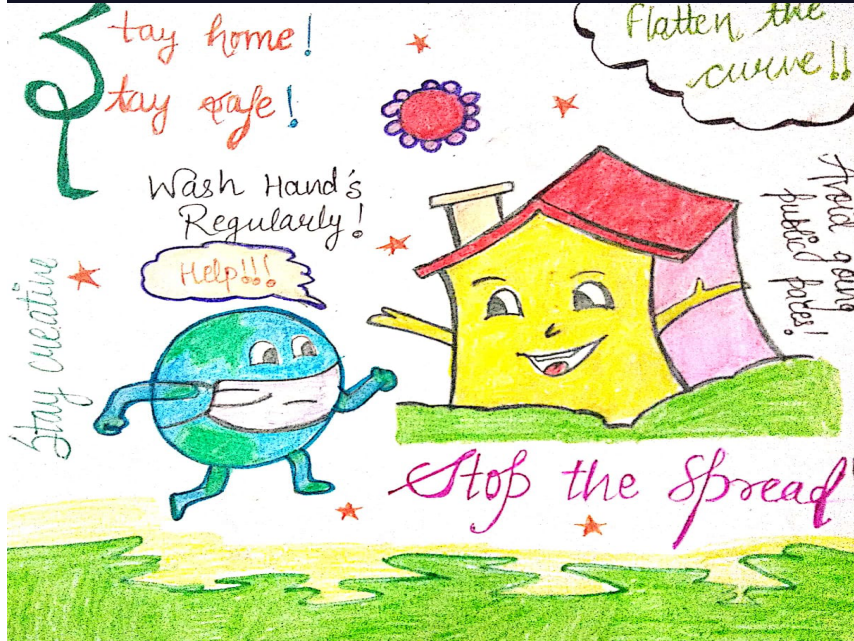

Jaspreet Kaur 12-F, Akriti 11-D, Pratiksha 11-J, Matank Tiwari 11-A, Sameeksha 12-F, Raina Ghosh 12-F, Nishita 12-E, Hanishka 11-J, Himani Shukla 12-J, Payal Kaushik 12-H, Parul 12-H, Currency Verma 11-I, Shristi 11-E, Nidhi 11-E came out with wonderful thoughts and tried to make the people aware.

KEEP CALM BECAUSE I AM A POSTER DESIGNER

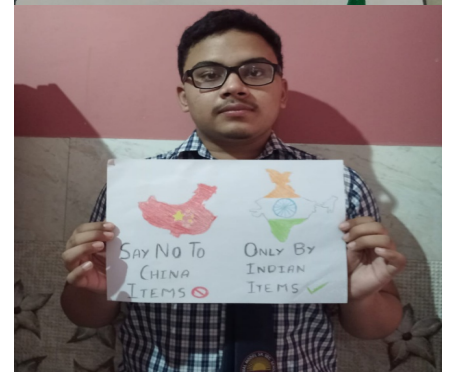

Students got ample of opportunities to express their thought and bring their creativity through poster designing on the following themes

1. COVID - 19
2. Say No to China Products
3. Child Labour

Local For Vocal Say no to China products.

India and China, being neighbouring countries are always having good trade relationship but in the recent years, there has been an increased dependency on Chinese products in the country. Due to strained relationship between India and China border issues, our Prime Minister has taken the decision to reduce the dependency and urged Indians to go- "Vocal for Local". So children were asked to prepare posters on the topic, " Say no to Chinese products".

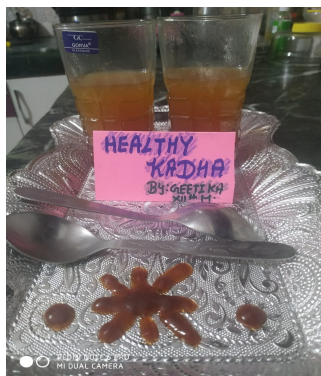

#HOME SCIENCE ACTIVITY

Class-XI and XII

TOPIC- PREPARE A BEVERAGE/ SNACK/ DISH FOR RAISING IMMUNITY DURING THIS PANDEMIC PERIOD.

Students showed enthusiasm in making variety of immunity boosting, tempting, mouth watering beverages . They shared the recipe of these beverages as well. Here are some delights with their creative names:

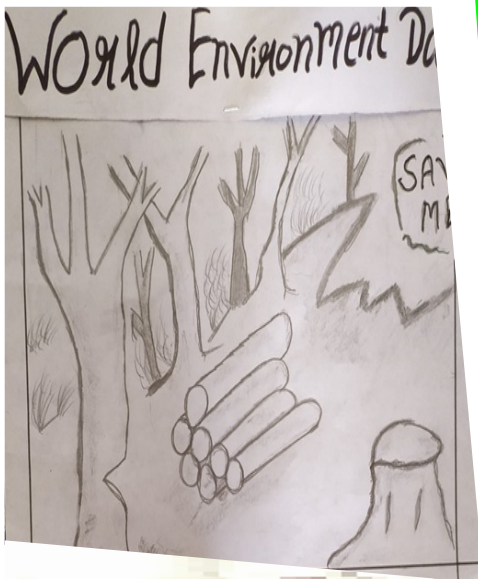

AAM PANNA GARNISHED WITH ROASTED JEERA, HEALTHY MINT LEMON COCKTAIL
BEAT THE HEAT BY FRESH LEMONADE, HEALTHY WATERMELON JUICEMINT COCKTAIL WITH
FRIED MOMOS, HERBAL TEA, TADKA LASSI FOR STAYING HYDRATED.

World Environment Day- 5th June

Amaitreyee Manna
XII B

Himanshu-XIIC

World Environment Day is celebrated every year on 5th June. Its aim is to rise global awareness about our environment. On this wonderful occasion Kamal Model Sr. Sec. School organised various activities to improve awareness about environmental protection. The theme for 2020 is Biodiversity – a concern that is both urgent and existential. The celebration of this day provided us with an opportunity to broaden the basis for an enlightened opinion and responsible conduct by individuals and communities in preserving and enhancing the environment. With these activities school is becoming instrumental in helping students to become conscientious stewards of the environment, protecting it for themselves and for generation to come.

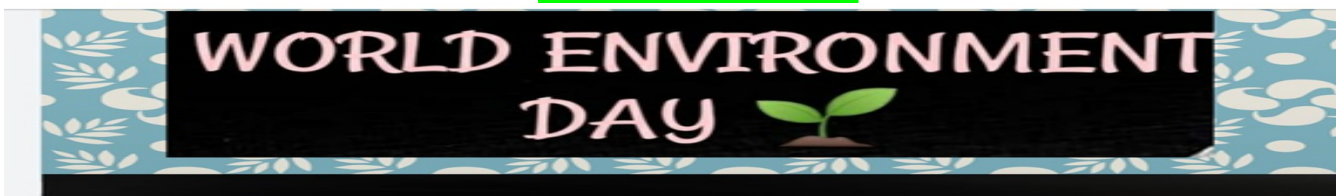

Anjali Gupta-XIIB

FIVE WAYS WE CAN CONTRIBUTE TO SAVING OUR ENVIRONMENT

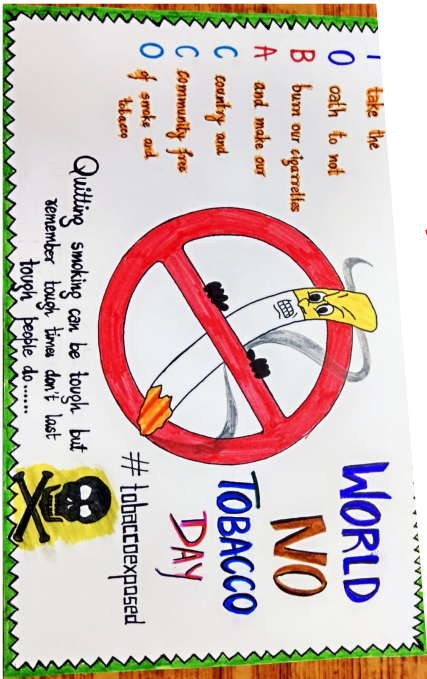

- ☞ Planting more trees
- ☞ Avoid using single-use plastic
- ☞ Alternative energy source
- ☞ Adopt public transport
- ☞ Rainwater Harvesting

Shruti Jha-XIIC

World No Tobacco Day - 31st May

Aadya-XIIB

Reena-XIIB

On the occasion of World No Tobacco Day(31st May), Kamal Model Sr. Sec. School organised an activity to contribute to the global campaign led by World Health Organisation(WHO) to mark this Day to emphasize the health risks associated with tobacco consumption and to advocate for implementation of effective policies which in turn can help in reducing tobacco consumption.

Muskan-XIIB

Child Labour

Child labour is a crime
 It's a well known fact that even though it is flourishing everywhere
 So class XII students were given a project to prepare on the topic 'Child Labour'

what is Child labour ?

Child labour refers to the exploitation of children through any form of work that deprives children of their childhood, interferes with their ability to attend regular school, and is mentally, physically, socially or morally harmful.

EFFECTS OF CHILD LABOUR

- Child labour affects the overall social development of children, since they do not get to spend time with others their own age or even enough time with family members.
- Children who work also experience isolation and depression, which often prevents them from continuing to develop healthy emotions as they grow, and can lead to many physical effects.
- They are also at a higher risk for illnesses such as respiratory illnesses and are exposed to harmful chemicals that can also affect their physical development.
- These children also suffer from

WHAT IS CHILD LABOUR??

- The term "child labour" is often defined as work that deprives children of their childhood, their potential and their dignity, and that is harmful to physical and mental development.
- It is mentally, physically, socially or morally dangerous and harmful to children.

Life of little one are destroyed when child labour is employed. Don't task children to take tool instead send them to school. There is no reason , there is no excuse
 Child labour is little abuse
 Child labour is a social crime
 Every child has a right to shine

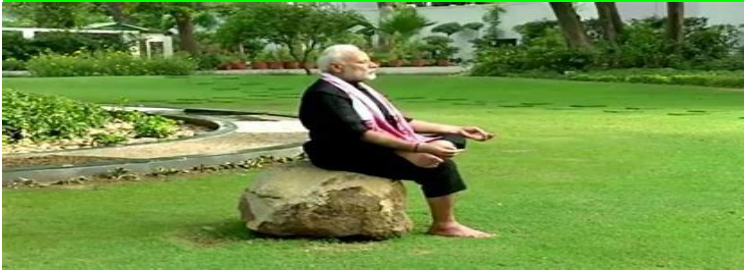

Every year on 14 June, countries around the world celebrate **World Blood Donor Day**. The event was organised for the first time in 2005, by a joint initiative of World Health Organisation, the International Federation Of Red Cross and Red Crescent Societies to raise awareness of the need for safe blood and blood products, and to thank blood donors for their voluntary, life-saving gifts of blood. World Blood Donor Day is one of eight official global public health campaigns marked by the World Health Organization (WHO).

INTERNATIONAL DAY OF YOGA

" YOGA FOR HEALTH, YOGA AT HOME"

Yoga is an ancient physical, mental and spiritual practice that originated in India. The word 'YOGA' derived from Sanskrit and means to join or to unite, symbolize the union of body and consciousness. The International Day of Yoga is celebrated annually on 21st June since 2015. This year the whole world celebrated the sixth International Day of Yoga. This day is celebrated by organising a variety of cultural programmes which spread the message and meaning of Yoga Day. Moreover, yoga is a powerful tool to deal with stress of isolation as well as to maintain physical well being especially during this pandemic period.

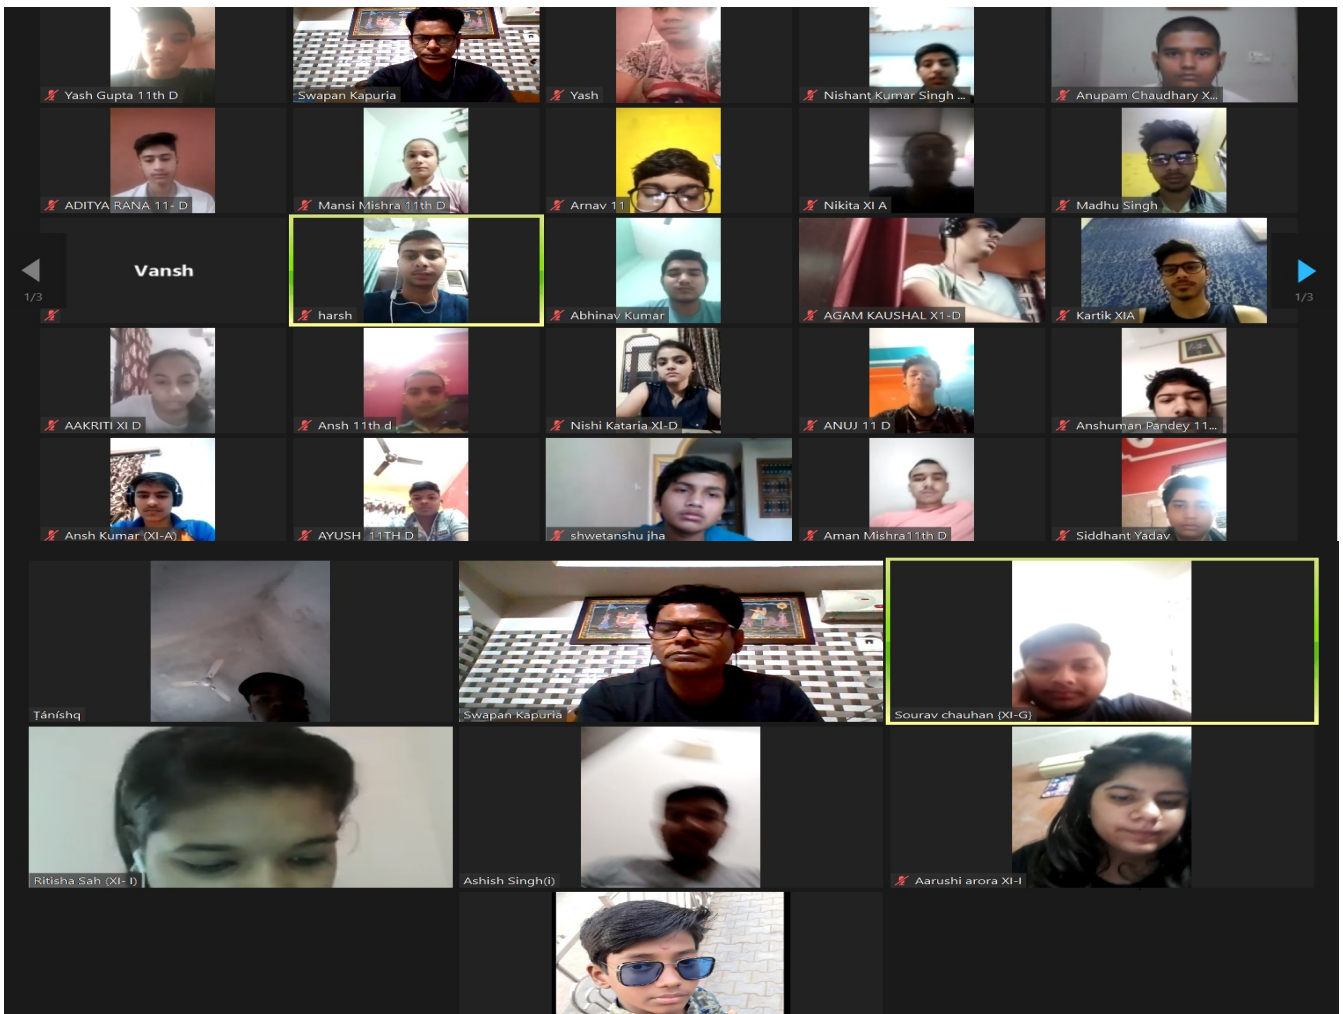

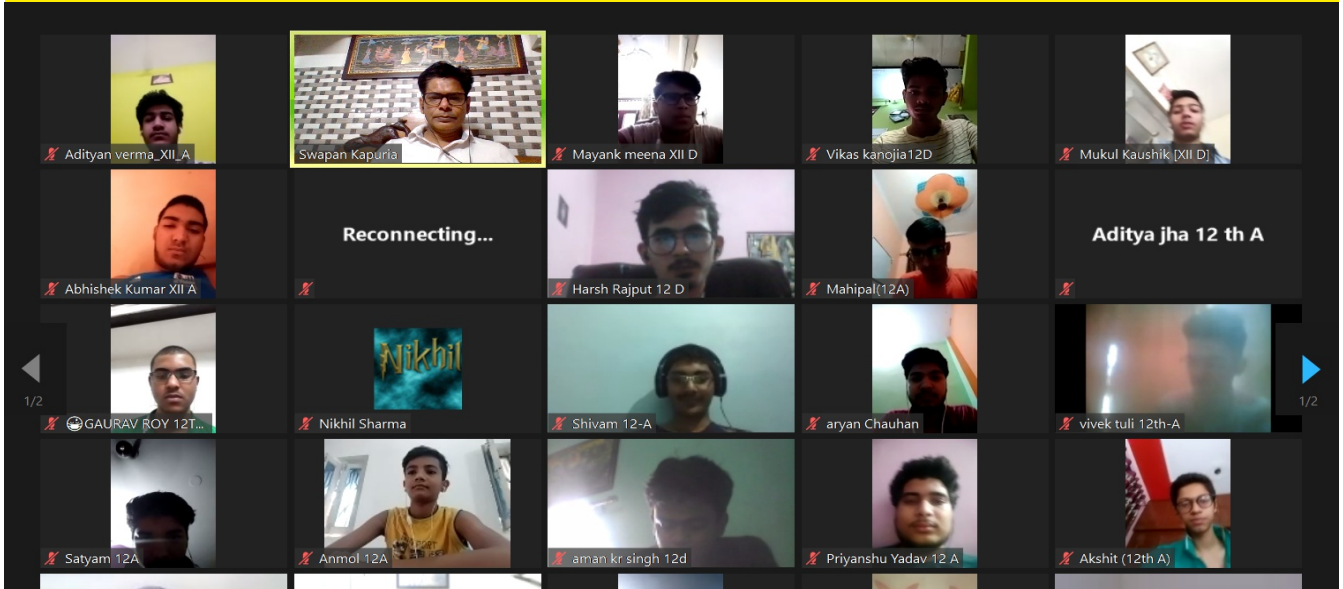

"YOGA IS THE JOURNEY OF THE SELF, THROUGH THE SELF, TO THE SELF. "

E-classes and E-PTM

VIRTUAL CLASSES

Understanding the need of the hour, determined and committed to provide quality education to students, our school came over all the factors for the smooth sailing of student's education, we have started online classes as a panacea for crisis.

WE DO.... THEY BELIEVE

Online Parent Teacher Meeting...

"Building relations for strong foundation".

Keeping in mind the importance of interpersonal relationships of parents and teachers, online PTMs were organized for building a bond as human connections are the very basis of online education.

During the lock down on line classes the only way to teach students and our school and teachers put efforts for the studies of the students and we appreciate it.

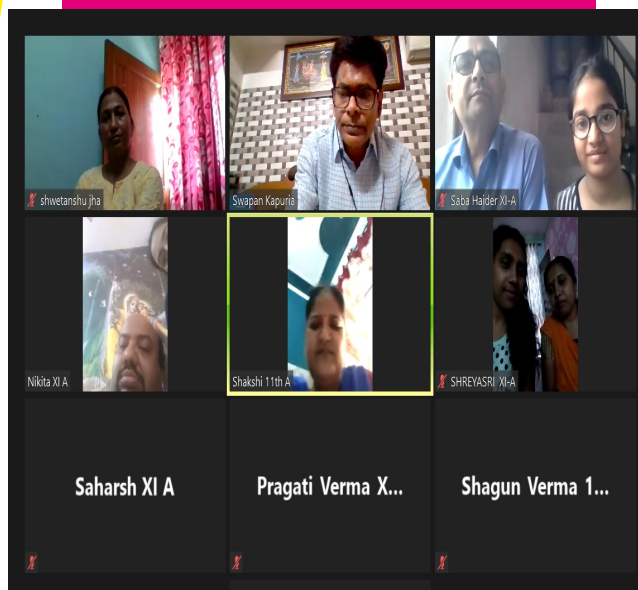

Ankita X A

I am very thankful to my school and all the teachers for taking so much efforts for us to teach us and not only to organise our exams but also for providing us our results.

Bhaskar Pathak XIA

It has been really helpful and relieving as syllabus is going on smoothly. The tests and exams have given them enough confidence and practice. Students are able to clear doubts as well also, the activities are putting their burden off. We, as parents thank all the teachers for their hardwork.

Thanking you,
Mr. Naveen Kumar

Dear mam,

Very Good morning. Trust you along with your family members are safe and healthy. During this pandemic period, the online classes are good initiative and helpful in teaching students.

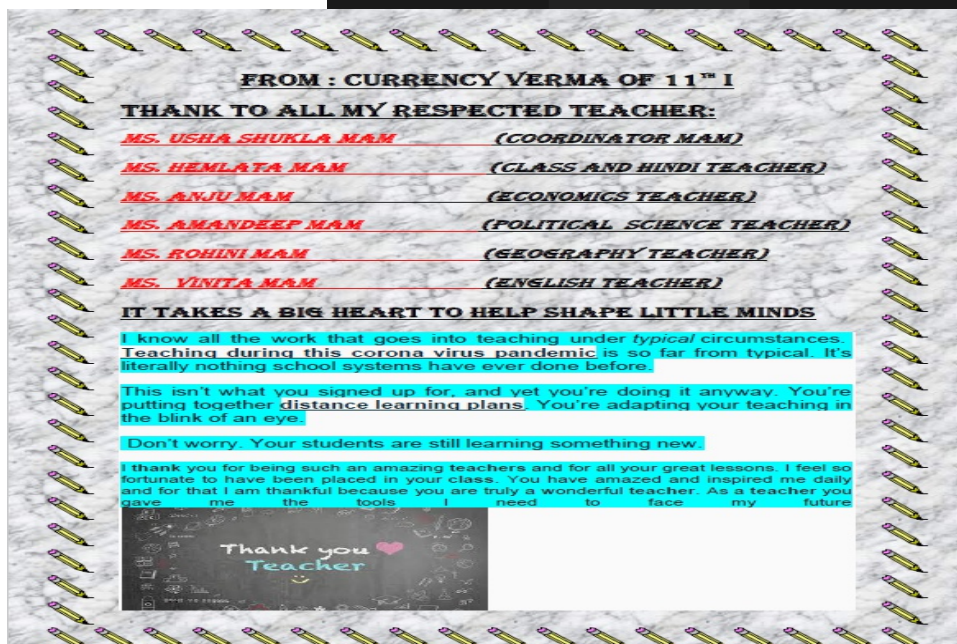

Please continue it till this pandemic period is over. Thanks and regards.

Manish Kumar Singh
(father of Bhumi Singh X-B)

PTM which was held Today was helpful in understanding the difficulties / problems of Ward. The online classes went well and was very helpful for the student's, in future also we hope the same from our school teachers.

Thanks to all the teachers and special thanks to X-I class teacher for their dedication & restless efforts.

With warm regards....
Rajendra Rathore

There is no real ending. It's just the place where you stop the story. End means that something else is about to begin. So, ending our story here for a new story and for a more triumphant beginning.
