August-2020 Vol-III

Mr. V. P. Tandon
The Chairman

Happy Independence Day

Independence Day is a day to take pride in the country's heritage, colorful fabric of myriad cultural expressions, achievements in different domains and the peace-loving nature of society. "The future of the country depends upon its students.....Your perseverance, dedication and commitment to your life will determine the future of India."

Reduction in Curriculum

Core Essentials
Curriculum in all subjects to be reduced to its core essentials

Critical Thinking
Focus on critical thinking, inquiry, discovery, discussion and analysis-based teaching and learning methods for holistic education

Interactive Classes
Interactive teaching with reduced dependency on textbook learning; Questions from students will be promoted

Experiential Learning
Fun, creative, collaborative, and exploratory activities in classroom for experiential learning and deeper student learning

- Curriculum and pedagogy to be transformed by 2022 to promote skill based and minimize rote based learning
- Revision of NCF for school education and NCF for teacher education 2009 by 2021

New Education Policy-2020

STUDENTS
SPEAK

NEP (New Education Policy) Recently, the National Education Policy 2020, was announced by the Ministry of Human Resource Development. The policy is aimed at transforming the Indian education system to meet the needs of the 21st Century. The new policy seeks rectification of poor literacy and numeracy outcomes associated with primary schools, reduction in dropout levels in middle and secondary schools. Apart from this, the policy also focuses on early childhood care, restructuring curriculum, reforming assessments and exams, and investing in teacher training and broad-basing their performance. The NEP proposes the extension of the Right to Education (RTE) to all children.

DIVYANKA X-B

EDUCATION IS NOT A PRIVILEGE BUT A RIGHT

STUDENTS
SPEAK

- This policy has been initiated by the Indian government replacing the previous educational policy framed back in 1986.
- Under this policy there won't be any rigid separation between academic, extra curricular activities or vocational streams.
- The government is also providing children with special needs the same opportunities for obtaining quality education as any other child.
- The 10+2 structure of school curriculum has been replaced by a 5+3+3+4 curricular structure to prevent sudden change of study pattern and to boost understanding.
- According to the government all the educational institutions will be held to similar standards of audit and disclosure as a 'not-for-profit' entity.
- As earlier, the tribal children found their studies to be irrelevant and foreign to their lives so now 'English' is no longer considered mandatory, providing the whole country a single standard of basic education
- As..."EDUCATION IS NOT A PRIVILEGE BUT A RIGHT!"

Ipshita Rawat X-B

34 year old policy scrapped.... Less Theoretical, More Practical

STUDENTS
SPEAK

New National education policy 2020

Progress is impossible without change and those who cannot change their minds cannot change anything. So according to me it was very important to change the 34 year old policy with the new one which will help student grow and compete in this ever-changing world. As a student I feel the major drawback of present system is rote learning but I'm impressed with governments effort to eradicate this old trend and make education system less theoretical and more practical.

Tannushree
12th B

Change from “What to think” to “How to think...”

- In my opinion New Education Policy is a great change for upcoming generation who is going to study with it
- In my perspective, NEP 2020 brings opportunities to students like brain development , creativeness and natural values and goals. Especially when PM Modi said that they have been focusing on transition from "what to think " to “how to think”.
- Change in the Education Policy is a major way to provide the students better opportunities which will lead them to become better professionals and human beings.
- The NEP 2020 is ambitious and futuristic for students.

STUDENTS
SPEAK

Unnati Dogra 12-I

English to start from class VI.... Books to be printed in Mother Tongue.... till Class V

STUDENTS
SPEAK

- ❖ In a bid to promote regional and local languages, English will take a back seat if this is implemented. Introducing learning in English directly in class6 will prove to be very hard for children who are from lower background.
- ❖ Bringing forward textbook in each and every subject in each of our mother tongue is a herculean task in itself.
- ❖ With the New Education Policy, the government plans to spend 6% of India's GDP , but if government is serious about it then why didn't they make a law to make it mandatory.
- ❖ NEP 2020 is a progressive and forward looking document that addresses the flaws of current education system.
- ❖ However, it is also a highly regulated but poorly funded policy which is not free from old approach to education.
- ❖ The basic principles are good but it does not talk about means to implement the policy in order to meet the future needs and demands of education.

Himani XII H

Inculcate traditional Indian values...

Samridi Sishodia XII - I

In my opinion, the main hazard with the New Education Policy is that it proposes to inculcate traditional Indian values and constitutional values. I just can't understand Which Indian values are they talking about? Do you think it is the content of Manusmriti? Anyway, in my view, they should include universal human values instead of traditional Indian values. I'm reposing hope in the democratic section of the society.

STUDENTS
SPEAK

To lead a life with dignity reclaim glorious days of past.

STUDENTS
SPEAK

- New Education Policy has come up with changes that have been necessary for a long time. Now these changes will take immense burden off the shoulders of the students, and might result in more kids getting engaged in extracurricular activities and sports.
- The government politicians and policy makers should make sure that all students get equal opportunities regardless of their background.
- The National Education Policy 2020 wants to wean school children away from private tuition and coaching classes, focus on regular formative assessment for learning rather than the summative assessment that encourages today's coaching culture.
- The NEP also reveals the government's intention to make CBSE Board exams easier and more flexible that will test a child's core competencies and capacities.

Education ... the spine of every nation

STUDENTS
SPEAK

- Increasing the fund allocation spent on education from 3 to 6% of GDP.
- NEP aims to boost up the gross enrolment ratio to 100% by 2030.
- The points included in NEP, if briefed, would be, the squashing of the earlier (10+2) framework and making to a better (5+3+3+4) system. Discarding those rigid distinctions of streams after 11th and providing more flexibility to discover subjects.
- Aiming at providing universal access to quality education, NEP suggests improvised modifications and makes the standard of our wretched education system apt with the world class level.
- Introduction of local, regional languages till class 5.
- This is certainly unbelievable that in 6th grade when the students of rest of the world learn about apps and designing, the students here are still cramming about Microsoft office. Hence NEP is introducing coding in 6th class itself
- Introducing vocational subjects and providing internships to kids.
- It's heart breaking to hear that only 25% of students graduating from high school in India go on to pursue higher education. NEP aims to improvise all these statistics and bring the universalization of education.
- The major setback of our education system was the model of rote learning. Students cramming all the matter and forcing it into their heads. But now NEP gives an opportunity and space for students to discover their curiosity, creativity and ability basically focusing more on concept understanding rather than memorizing.
- If my view point is considered worthy, if it matters even the least, I would say that NEP is the best way to respond to all the criticisms and gaps in our education system.
- This is a very appreciable step by the government to enhance the practical knowledge among the kids and lead the bright minds of our nation towards a brighter future.

Tanushree Dutta IX

Kunal Garg XI B

For making a building, the foundation must be strong... so that the building can be stable. Similarly for building a strong and successful nation the education given to the citizens is a matter of great concern. Focusing on this agenda, the NEP has brought some major changes in the education system of India so that the education given to the school students is more effective and productive.

The New Education Policy is working in a way that the upcoming generation can take education as a playful thing rather than a burden.

STUDENTS
SPEAK

NEW EDUCATION POLICY (NEP 2020)

Positive aspects -

1. 5 + 3 + 3 + 4 system. , Open learning from NIOS
2. 6 % of GDP for education
3. PARAKH for evaluation of all recognised school boards
4. Coding from class 6th .
5. Vocational courses from primary classes.
6. Removed rigid distinctions between different streams

Developing 21st century skills.

Winning isn't everything...And to a contestant it's as essential as breathing"...And our students strive hard to reach their goal

The efforts of Yash Pandey and Akshat proved to be fruitful and they bagged away second position in e - Poster Making competition in the series of Pushpanjali competitions organised by DAV school. In the same series Ipshita and Nikhil of class X and Daksh and Ishana of class IX bagged away third position in Cinematics competition and maintaining the same momentum adding another feather to the cap Vaibhav Mishra of IX standard bagged second position in Mind Scribble competition. Khushi Tyagi of IX got consolation prize in Let the Music Speak competition in Synergia at Vandana International School under the guidance of mentors Mrs.Kanchan Prabha, Mr Rohit Kumar and Mr Triloki Dass respectively.

To commemorate this festival, an activity was organised for the students of class IX and X, Kamal Model Senior Secondary school on 3 August 2020. Students made beautiful Rakhis and cards.

RAM JANMABHUMI

राम मंदिर- भूमि पूजन और दीपोत्सव

गरज उठे गगन सारा, समुंदर छोड़े अपना किनारा,
हिल जाए जहान सारा, जब गूंजे जय श्री राम का नारा
राम मंदिर भूमि पूजन की शुभकामनाएं...

5 अगस्त 2020 का दिन भारतीय इतिहास और रामभक्तों के लिए काफी ऐतिहासिक दिन है। इसी दिन अयोध्या में श्री राम मंदिर का भूमि -पूजन किया गया और प्रधानमंत्री श्री नरेन्द्र मोदी जी ने मंदिर की आधारशिला रखी। लगभग 500 वर्षों की प्रतीक्षा समाप्त हुई। यह दिन सभी के लिए परम हर्षोल्लास का दिन रहा। रात्रि का नज़ारा भी कुछ कम नहीं रहा, दीपोत्सव से सम्पूर्ण भारत जगमगा उठा।

हमारे विद्यालय के बच्चे भी कहाँ पीछे रहने वाले थे, उन्होंने अपनी गतिविधियों से अपने उत्साह और प्रसन्नता को अभिव्यक्त किया। कक्षा 9 और 10 के विद्यार्थियों की भूमि -पूजन और दीपोत्सव से जुड़ी रचनात्मकता प्रशंसनीय रही।

Few Facts

- Ayodhya, considered as the birthplace of Hindu deity Rama.
- It's been a place of great devotion for Hindus.
- But in the year 1528 king Babur ordered his commander Mir Baqi to erect mosque at Ayodhya as the symbol of Muslim conquest.
- It became a place of confrontation between Hindus and Muslims.
- Finally on 6th December 1992 a mob of 1.5 lakh demolished Babri Masjid.

A Historical Turning Point

On 9th November 2019, Supreme Court passed its judgement on the Ram Mandir case.

Court ordered GOI to create a trust to build the Ram Mandir and within 3 months the land will be owned by Government of India.

Court ordered allocation of 2.77 acre land for establishing Ram Mandir & an alternative land of 5 acre to be allocated to Sunni Waqf Board for the construction of Mosque.

On 12th December 2019 Supreme Court dismissed all the 18 petitions claimed by Shia waqf board for the ownership of Babri Masjid.

Bhoomi Pujan

After a timeline of 492 years the day came for which every single devotee of Ram Lalla was waiting.

On 5th August 2020 the Bhoomi Pujan (foundation stone laying ceremony) took place.

Hon'ble Prime Minister was not only the Chief Guest of the ceremony but was invited as the official Yajmaan (Patron of Religious Ritual)

Around 175 guests were invited for this ceremony

The time to lay the foundation stone was fixed at 12:15 p.m.

National Handloom Day

Ingeniouswork of genius
by making threads synchronous.

Let the passion of tradition, of Handloom, bloom with diction. The Union Government had declared 7th of August as the National Handloom Day in July 2015 . Handloom sector is a symbol of the country's glorious cultural heritage and an important source of livelihood in the country. This sector is a key to women empowerment as over 70% of handloom weavers and allied workers are women. Students, for their recognition, made posters, e-products available at their home to showcase their interest in celebrating this day as a national day.

A Cleanliness Mind Map....
Gandagi Mukh Bharat

एक कदम स्वच्छता की ओर

To play our part in this nation wide mission, our students of class 9th to 12th celebrated 'Gangadi Mukta Bharat' week and prepared posters, e-posters and slogans. Other activities such as role play, cleanliness drive were also organized. Students prepared informative and expressive videos spreading the importance of cleanliness in every nook and corner of the country.

गंदगी मुक्त भारत पर मे श्रुति राणा IX-H की छात्रा आप सब देशवासियों को संदेश देना चाहती हू।

हमारे देश के प्रधान मंत्री भी देश को साफ करने में
लगे हुए है तो क्या हम लोग इनसे प्रेरित होकर
गंदगी को साफ नहीं कर सकते क्या?

हम कर सकते है, बस एक कदम उठाना है स्वच्छता
की ओर

तो आओ वी कदम उठाए अपने देश को

गंदगी मुक्त भारत बनाए। और जिन देशवासियों के पास इतने अच्छे प्रधान

मंत्री हो वें देशवासि कुछ भी कर सकते है।

भूलना मत की हमे इन देशप्रेमी से प्रेरित
होकर अपने देश के लिए कुछ अच्छा करना हैं।

जय हिन्द जय भारत

Let's us all take a pledge to keep our Bharat 🇮🇳 free from gandgi and be clean and hygiene all around the world 🌍

~By Hargun Sandhu
Class:-XIth-C

Gandagi mukt Bharat 🇮🇳 or clean India mission is the most significant mission of Indian history. It cleanliness drive camping which is an effort to make entire country clean.

Gandagi mukt Bharat is a national level 🏠 camping. It was initiated by Indian government recently to clean all the statutory regions (rural, urban cities and towns). This campaign include the promotion of health and sanitation programmes in the rural areas, cleaning the roads and street, promoting and awareness on hygiene and clean and safe drinking water and education among the people through the awareness programmes.

gandgi Mukt Mera Gyaan

Gandagi Mukt Mera Gyaan is the most significant mission of Indian History. It's a cleanliness drive campaign which is an effort to village, entire country Clean.

Environment cleanliness be clean. If you go long enough without a bath, even the fleas will leave you alone. I'll not let anyone walk through my mind with their dirty feet. Cleanliness begins with purity of your own mind, thought and heart.

Gandagi Mukt Mera Gyaan is national level campaign. It was initiated by Indian Govt recently as Clean all the Statutory regions rural. This campaign include the promoting and creating awareness on hygiene and clean and safe drinking water and education among the people through the awareness programmes.

Plastic is poisonous for the environment. Being non-biodegradable it doesn't break down in the soil and cause soil pollution. Therefore, we need to cut down the usage of plastic bags and always dispose of them in dustbins.

Call it negligence or laziness but we keep disposing our garbage at the spot we're on the streets. We need to stop this littering and keep the street, woods, water bodies and our surroundings clean.

Personal hygiene is how you care for your body. This practice includes bathing, washing your

brushing your teeth and more.

Grandani Mukta Meva Gyan Mission is a step closer towards a cleaner, safer and greener India and this drive is possible if all the citizens could participate in this drive.....

Name :- Mansi

Class :- II-J

School :- Kamel Model Sr. Sec. School.

1....The Art of Living is focused on reviving a green Earth and our volunteers around the world strive to make this positive difference by planting and protecting as many indigenous trees as possible.

2.....One of the landmark events was the 'MISSION GREEN BHARAT' which saw the plantation of 9.6 million trees in the year 2008.

3...The aim is 'to encourage people to plant trees'.

Nurturing Nature, Nurturing Future
When you plant a tree 🌿, You plant a hope. If you really care for earth 🌍 and know it's worth, So to make it pollution free, Plant a tree, Plant a tree, Plant a tree

And here at KMS students really know the worth of pollution free earth. Like every year, the Plantation Day was celebrated on 12th August 2020 by the students of Kamal model Sr. Sec. school with great pomp and show but this time mode of celebration was quite different from earlier years because of covid 19. Instead of assembling in school premises students expressed their commitment towards environment through posters, slogans, planting saplings etc to express their love for nature 🌿👐.

SEGREGATE ONE USE PLASTIC
 Throwing one use plastic ,can be drastic , for environment because with nature, There is no adjustment.

INDEPENDENCE DAY

India is a cradle of human race,
Human speech's, birth place,
The mother of history, The grand mother of legends,
The great grand mother of traditions, Whose Independence
we celebrate with passion and,
This is our nation's greatest celebration.

KMS students prepared posters, slogans, recited poems and made floral Rangolis in tri-colour. Speeches and short skits were the show stealers. Solo dance performances on patriotic songs exhibited their devotion and enthusiasm for the day.

वन्दे मातरम्

ये वंदन की धरती है,
अभिनंदन की धरती है
ये अपर्ण की भूमि है,
ये तर्पण की भूमि है
