**Pramila Mishra
(Academic Director)**

Life poses innumerable challenges and the goal of education is to help one to successfully brave through the rough seas of struggle, strife and hurdles. The strength of character developed in this school holds good for the rest of one's life. A student is made to blossom intellectually, morally and spiritually. I entreat the Almighty to shower his blessings in plenty upon the staff and the students of the school in their efforts.

Life is a long journey where each one of us moves ahead conquering one milestone after another . The traveller moves on but the imprints remain embedded on the sands of time . This is how our school runs ahead carrying its entire great past memories and cherished moments and leaving the imprints of success on the pages of its golden history.
