“An investment in knowledge pays the best interest.” – Benjamin Franklin

The seeds of an idea sown many years ago have quickly come to fruition and the school is growing into a strong sapling. It is our endeavour to make academics a smooth journey full of joy and discovery. The last few years tested our resolve and pushed us to the limits. It was crucial to aim for excellence and innovation because that would help us turn this tragedy into an opportunity for growth. In the face of all the challenges, we emerged not only successful but were also well appreciated.

In a challenging world, our intent is to promote a progressive society by imparting education that becomes the first step towards empowering students to make this world a better place. Our focus is to nurture the students with confidence, resilience, strength and courage so that they face the adversities positively. We aim to give wings to the dreams and passions of our students so that they fly with limitless possibilities and achieve endless success throughout their life. Our efforts are to change an individual's perspective and enable him/her to contribute productively.

I extend my heartfelt gratitude to all the staff members, Parents, Patrons and well wishers for their unprecedented support and co-operation.

**“The whole purpose of education is to turn mirrors into windows.” –
Sydney J. Harris**

Education presents the truth of life in a beautiful way for the well being of human race. The truth of life is imparted to students as the essence of knowledge. Children are made not only professionally perfect but also morally sound to follow the path of truth by which they not only overcome complicated problems but also taste the nectar of success in life. The real purpose of education is to create better human beings.

The strength of character developed in this school holds good for the rest of one's life. A student is made to blossom intellectually, morally and spiritually. We, at KMS believe in empowering children in such a manner that they act as representatives of a value based society. May your cup of happiness always be filled, your path always bright, and your heart always light.

DR. VANDANA TANDON

"Educating the mind without educating the heart is not education."

Schools these days are not only meant to attain information and knowledge but also they are platforms for collaboration of thoughts and ideas. Education should instill knowledge, creativity, tradition and culture among children. They should be motivated to perform well in every walk of their journey towards noble citizens of tomorrow. Knowledge is understanding and awareness of something. It refers to the information, facts, skills, and wisdom acquired through learning and experiences in life. Acquiring knowledge involves cognitive processes, communication, perception, and logic. Hence, continuous mentoring, monitoring and evaluation of the learning environment needs to be done to provide required intellectual stimulation to the young minds. KMS aims at grooming the students into ethical and principled leaders of tomorrow, whose thoughts and actions are deeply embedded in the values and culture of our land. As a premier educational institution, we are known for creating our own benchmarks and elevating ourselves to higher planes. However, learning, evolving and effort will never cease...

Dear Readers,

*"IMAGINE with all your mind
BELIEVE with all your heart
ACHIEVE with all your might."*

Each issue of our chronicle is a milestone that marks our growth, unfolds our imagination and gives life to our thoughts and aspirations. It unleashes a wide spectrum of creative skills ranging from writing to editing and even in designing. KMS initiates this notion and continues its journey with profound enthusiasm and aims to provide holistic learning to our young learners. We would like to conclude by saying that, "You must discover who you are made up for, and you must work indefatigably to achieve excellence in your field of endeavour."

नया साल किसी किताब के नए पन्ने की तरह होता। इसलिये कलम को थाम कर एक नई योजना बना कर मैं अपने कार्य को एक नई उमंग, जोश कर्तव्य निष्ठा से करने का तहेदिल से प्रयास करूंगी। अपने जीवन के हर उद्देश्य को एक नई दिशा दे कर मंजिल तक पहुंचाने की भरपूर कोशिश करूंगी।

यही भावना अपनी वर्तमान तथा भावी पीढ़ी में जगाने का उत्तम प्रयास भी करूंगी। बात कहने से नहीं बल्कि करने से होती है, यहीं जोश, कर्तव्य निष्ठा ईमानदारी, और नैतिक मूल्यों जैसे गुणों का विकास अपने छात्रों में जागृत कर सकूं। मेरी ईश्वर से प्रार्थना है क्योंकि उनकी कृपा बिना तो कुछ संभव नहीं चाहे, हम कितने ही वादे खुद से या किसी और से कर ले। मेहनत मेरी, साथ छात्रों का और आशीर्वाद ऊपर वाले का।
